\$2 million... S. funds for overpass

Federal funds totaling \$2 million have been appropriated for Granite City under the federal government's new Federal Aid to Urban Systems (HAUS) program to help fund construction of a grade separation between downtown Granite City and West Granite. Mayor Paul Schuler said today. The \$2 million total would be received by the city over a four

year period, assuming that the city can meet a 30 per cent local share requirement of \$600,000 and an estimated \$120,000 in engineering costs, the mayor said.

The allocation for Granite City has been worked out in a series of meetings between mayors and other municipal officials of communities within a bi-state region embracing parts of Madison and St. Clair counties what has been designated as the East St. Louis Region, and Illinois highway officials who will administer the HAUS program.

Mayor Schuler said the city now is preparing an application for state funds which may be available from an Illinois Grade Crossing Protection Fund administered by the Illinois

Commerce Commission as a possible source of at least part of the local share to meet the grant requirements. He said that he also is exploring other sources of money to help meet the city's \$720,000 total share, including the engineering work. These, he said, can include motor fuel tax funds from the city accounts, as well as motor fuel tax funds

held by the county if the county can be persuaded to participate in the project. The funds budgeted for Granite City's grade separation project would include \$800,000 for the 1975-76 fiscal year, a like amount for the 1976-77 fiscal, and \$700,000 for the 1977-78 year, Mayor Schuler said.

These allocations would represent the Granite City share of a \$14 million budget for all communities in the federal urban system under present planning. Each community participating in the HAUS program must propose specific projects for which their respective shares will be allocated.

No cost estimate of the proposed grade separation project is available since no

A recommendation by the Granite City Planning Commission that the city halt, temporarily at least, all new rezoning and construction work on Nameeki Road between Johnson Road and Pontoon Road was turned down by the City Council Monday night.

The aldermen voted 8 to 5 against approving the plan commission's recommendation following a long discussion in which some council members who contended the city could not legally issue a blanket order against "all progress" were supported by City Attorney George Filcoff.

The attorney, in response to a question by the aldermen, told the council that while the legality of such a move is a tough question, he did not believe the city legally could "regulate enterprise."

The suggestion to ban new work along Nameeki Road came before the council in a letter signed by the chairman of the City Planning Commission, who said that mounting traffic problems resulting from commercial expansions in the Nameeki area should be solved before new businesses can attract more traffic and compound the problem even more.

Morgan, who was present and spoke at the council session, said all members of the plan commission concurred in the suggested moratorium until such time that traffic controls can be initiated or Nameeki Road is widened.

An editorial—No alternative to impeachment

The House Judiciary Committee today begins active study of whether to recommend impeachment of President Richard M. Nixon. Based on what has become known of his conduct, there should be affirmative action by the committee and then the House, leading to a Senate trial on the issue of removal from office.

The Press-Record three times endorsed him for the high office that he held for five and a half years. There have been many constructive accomplishments, but a strong case can now be made for his departure by resignation or Senate action.

While using a variety of tactics to delay prosecutors and the Judiciary Committee, the President has been telling the public, "The time has come to get Watergate behind us and get on with the business of America."

There is wide belief that Mr. Nixon has broken faith with the electorate by "shabby, disgusting, immoral" conduct, to use the words voiced Tuesday by one of his former chief defenders, Senate Minority Leader Hugh Scott.

Vice President Gerald R. Ford, who would advocate in the top office if the President is impeached and convicted, has commented that "when all is said and done—and the sooner the better, firmly hope our country will be stronger and wiser for its present ordeal."

There is real hope of such added strength and wisdom, if the nation can successfully complete the difficult period which Mr. Nixon's awaits us along the impeachment path.

Noting that prosperity and life itself can be affected by the actions of the chief executive, Mr. Nixon has argued that America in the nuclear era should not be made to suffer through such a debate and trial. Regardless, there appears to be no acceptable alternative, unless he decides to resign.

The conclusion that there should be a new President is based on the likelihood of past criminal liability. Transcripts of White House conversations released last week, inadequate as they are, tell much about the character of those who participated.

Firm is robbed

Two armed masked robbers held up the B & E Lumber Co., 1228 State St., Madison, at 2:30 p.m. Tuesday and escaped with \$200.

Curtis Blevins, store owner and operator, said the men entered wearing black ski masks. One carried a sawed-off shotgun and the other had either a rifle or a shotgun.

As they entered the front door of the robbers called, "hit the floor, hit the floor, this is a holdup."

He went behind the counter, took the money and asked Blevins, "Where's the rest of the money?"

The other robber pulled out the phone wires and the pair fled in an old auto.

Three customers were in the store at the time, but were unable to give adequate descriptions.

struction of a new Denny's Restaurant at Nameoki Road and Cottage Avenue.

A large delegation of residents from the neighborhood of the proposed restaurant site attended the council meeting and presented the aldermen a petition bearing signatures of 66 persons opposed to the restaurant project.

The plan commission had recommended rejection of the petition for rezoning on grounds of traffic congestion in the area.

Alderman Roy Polous was the only negative vote on a motion to deny the petition for rezoning for the restaurant.

Alderman Frank Greenwald told the council he believes "we should be careful what goes in there (Nameoki area). These people moved out there to get away from the busy areas and now the town is jumping right into their laps."

Also supporting the proposed building, moratorium was Alderman Emerald Dawes who denied an earlier statement by another alderman that restaurants are at a "saturation point" in the Nameoki area, but who said, "Traffic conditions out there are horrible... about the only thing we can do is go along with the Plan Commission."

On a motion by Alderman Gerald Parmley that the City Council concur in the recommendation to ban building, Alderman Clyde Boyd asked Filcoff if the city "can do this legally."

"That's a tough question," Filcoff replied, "but I don't know that you can. You (the council) would be acting as a body and you would need a stronger reason than this, such as a matter of public health or safety."

Alderman Sam Whitmer said he did not favor a blanket moratorium because there are many businesses that would be a welcome addition to the area and would not interfere with the traffic pattern to any extent.

"Each case should stand on its own merits and this council has the authority to say yes or no to control what is built," Whitmer said.

Parmley noted that the plan commission had given the proposal long consideration before making its recommendation.

"The commission didn't pick this idea out of the air," he said. "This is a matter of public safety. After all, it is only temporary and we can take a new look at it after we get traffic controls."

Alderman Walter Nott objected to the ban, noting that "You can't turn down progress in an area like that," but Alderman Ronald Coleman said he favored the plan because it involves only a specific area and is for no specified time.

"We can always change it once we get the proper (traffic) controls," he remarked.

Speaking in behalf of the audience, the Rev. Roy Raugh, pastor of the Niederringhaus United Methodist Church, told the council:

"It sounds to me like the council is arguing the same thing twice. I hear you deny a business (Denny's Restaurant) on the one hand, then you say that you cannot regulate business."

"As I understand it, zoning is intended to set aside areas for different purposes. Isn't it possible to simply say the people live here, and that business operates there?"

THEFT FROM TRUCK

Three boys, ages 14 to 16, were seen removing beer from the delivery truck of Walsh Beyer, Edwardsville, at the Corral Liquor Store, 3304 Nameoki Road, at 2:05 p.m. Tuesday. The boys were chased and dropped a full case of beer and two cases of empty bottles, but they escaped with a half-case of full bottles.

VAN IS LOOTED

Items worth \$330 were stolen from the van of Jerry Urbeck, Collinsville, parked in the 2900 block of Madison Avenue, he reported at 8 a.m. Tuesday. The left front door window was removed and a full case of beer and two cases of empty bottles, but they escaped with a half-case of full bottles.

RAIL CAR THEFT

Roel Barendregt, special agent for the Burlington and Northern railroad, reported to Venice police at 12:10 a.m. Wednesday that a freight car on County Road behind Lee Wright homes was broken open and 25 cases of food items taken.

"The traffic pattern in the city is a joke. We had better listen to the planning and zoning commission or we're going to be in a worse condition than we are now. I don't know how we ever got in the shape we are in."

On the roll call, those voting against the building moratorium were Aldermen Nott, Whitmer, Steve Basarich, Boyd, Polous, Claude Green, Everett Morlen and Earl Baker. Voting in favor were Parmley, Coleman, Dawes, R. E. Robertson and Frank Greenwald. William Dallas was absent.

In related action, the council unanimously upheld recommendations of the plan commission denying two requests, one from Richard C. Stille seeking a business classification rather than the present R-3 multiple family dwelling zoning at 2427 Madison Ave. for an auto parts store, and the other from James E. Walker asking a special-use permit at 728 Twenty-seventh place to operate an aluminum siding business from his home.

Residents of both neighborhoods opposed the requests. The council approved another plan commission recommendation that a special-use permit be issued to the Knights of Pythias for a building at 2723 Madison Ave. to be used as a Pythian temple.

700 walkathon participants

Organizers of the weekend March of Dimes Walkathon this week thanked the 700 walkers who participated in the event and those who helped by providing refreshments or services.

The Granite City High School North Pep Band greeted the walkers as they arrived at that school to begin the march. The band was directed by Dan Todoroff.

The walk was led by cross-country runners from GCHS North and South—Dewayne Terry, Randy Presswood, Mark Becherer, Dave Futch, Bobby Hayner, Mike Colther, Mike Becherer, Dana Wallace, Dave Ebrecht, John Sands, Don Lucy, Russ Presswood, Mike Austin, Steve Watson, Tom Ebrecht and Raymond Ramirez.

The walkers were escorted by motorcycle units from the Shrine Temple. Granite City police helped direct traffic for the safety of the pedestrians.

Several rest stops were furnished with food and drinks to aid the walkers, the first being at Granite City High School South where the Moose Lodge and Shasta Beverages provided refreshments.

The next rest area was at East 23rd Street and Nameoki Road, manned and supplied by the local Amvets post.

Marchers proceeded to Memorial Park across from St. Elizabeth Hospital where the hospital's Ladies' Auxiliary and the Candy Strippers served refreshments. The march route led to the Wilson Park ice rink where a large sign greeted marchers with the message, "You made it."

At the park, the marchers removed their shoes (those who had not done so during the march), and sat on the lawn to rest their tired feet. Refreshments there were supplied by the Nestle Co., A.O. Smith Corp. and Granite City Steel. A rock concert in the ice rink from 2 to 4 p.m. concluded the day's activities.

During the march, the U.S. Army from the Granite City installation provided a

"poop-out wagon" for tired walkers.

First Granite City National Bank and Granite City Trust and Savings Bank provided savings bonds as prizes. Winners are to be announced after money earned in the walkathon has been collected.

Buy Werner won four Cardinal baseball tickets, donated by First Granite City National Bank, for having the most sponsors, 76. The cross-country team walkers received certificates to Burger King and Church's Fried Chicken.

Prize winners included: Carl Ebrecht, Greg Stout, Dave Riggs, Kevin Julius, Wayne Delozier, Donald Riggs, Dave Hahn, Robin Deterding, Charley Bates, Ken Ransbottom, Linda Macios, Kevin Pangue and Mark Hoffner. Prizes were offered by State Radio & Television, Reese Drug Stores, Sterling Radio & Television, the International House of Pancakes, Bowland Lanes, Ravanelli's Restaurant, George Lindner's Family Restaurant, Church's Fried Chicken and Bill Burns' Cafeteria.

CLOWNING AND FUN were mixed with the serious business of raising money for the March of Dimes during the weekend walkathon in Granite City. A similar event was held in Madison for the same charity. About 700 walkers took part in the event. Ron Brasfield supports Kathy Henry on his shoulders and Jennie Bernaix in his arms. He was unable to complete the walkathon route, however, without forcing the young ladies to walk. (Press-Record Photo)

String concert

The Lincoln String Quartet, in residence at SIUE, will present its final concert of the season at 3:30 p.m. Sunday in the Science Lecture Hall. The public is invited, admission free. The quartet is composed of John Kendall and Kent Perry, violins, Robert Schieber, viola, and Joseph Pival, cello; it will be augmented by Simon Whistler, English violin.

FILE CANNABIS CHARGES

Granite City police searched seven young men behind the New Logan School at 6:35 p.m. Tuesday and allege they found marijuana in the possession of three youths. Charged with possession of cannabis were William Jones, 19, of 2712 Denver St., Gerald Isom, 18, of 850 Denver St., and Gary Reeves, 21, of 2015 Washington Ave.

Town budget

Special Education offices for seven years.

The new budget bill also projects a 1974-75 tax levy of \$369,617 in the townships operating accounts, which is the full amount of the operating budget. The proposed new levy is an increase of \$131,792 over last year's tax levy of \$237,825.

The budget includes \$144,767 in the town fund account, up from \$119,175 last year; \$207,850 in the general assistance fund, up from \$159,750 last year; and municipal retirement payments of \$17,000, up from last year's \$13,500.

The balance of \$571,414 represents projected expenditure of federal revenue sharing funds and includes a budget item of \$50,000 for construction of a proposed new township office and recreation building and \$40,000 for land acquisition for the new building if it is needed.

The 1974-75 tax levy which is expected to be approved by the Town Board following the June 3 public hearing leaves \$144,767 for the town fund, compared to last year's town fund tax levy of \$84,575; \$207,850 for general assistance, compared to last year's \$149,750 and \$17,000 for the municipal retirement fund, compared with \$3,500 last year.

The smaller levies last year resulted from allocation of \$25,000 of the townships revenue sharing funds to the town fund, and \$50,000 in revenue sharing funds to the general assistance fund.

Last year the township budgeted \$300,219 in revenue sharing funds, with \$222,000 of the amount allocated to the construction fund for the proposed new town hall. The remainder was allotted to the various purposes in the operating accounts.

The year's budget of revenue sharing funds, in addition to the \$540,000 appropriated for the town hall, includes the reallocation of the balance remaining in last year's revenue sharing appropriation. These include \$6,000 to special services for the aged and poor, \$10,787 to food and hospitalization for underprivileged and \$12,622 for improvements to the assessment system.

GUEST CONDUCTOR. Frederick C. Ebbs, director of the University of Indiana Bands, who will conduct the second annual "All-City Band Festival" at 7:30 p.m. Saturday in Memorial Gymnasium at Granite City High School South. The public is invited to attend.

All City Band Festival Saturday

Frederick Charles Ebbs, professor of music and director of university bands at the University of Indiana, will serve as guest conductor Saturday evening at the second annual "All-City Band Festival" at Granite City High School South Memorial Gymnasium.

The public is invited to attend the 7:30 p.m. concert festival, featuring the combined bands from the community's elementary, junior and senior high schools. Admission will cost 50 cents for adults and 25 cents for students.

A busy day is planned earlier Saturday when five rehearsal sessions are scheduled for the three combined bands, starting from 8:30 to 10 a.m. for grade school students.

Junior high school musicians will rehearse from 11 a.m. to noon and from 2 to 3 p.m., while senior high band members will practice from 10 to 11 a.m. and from 3 to 4 p.m. All rehearsals will be directed by the guest conductor.

A native of Amherst, Ohio, and educated at Baldwin-Wallace College in Berea, Ohio, and the University of Michigan, Ebbs came to Indiana University, a successful 12-year music career at the University of Iowa in Iowa City.

In 1966, he led the University of Iowa Symphony Band on a highly acclaimed concert tour through eight European countries under sponsorship of the U.S. Department of State Cultural Exchange Program. He also was responsible for presentation of the Goldman Band Library to the University of Iowa School of Music and Band in the same year.

Starting as supervisor of music in 1937 at the Rittman (Ohio) Public Schools, Ebbs spent the years between 1940 and 1948 as director of bands in the Hobart (Ind.) City Schools, where his junior and senior high school students amassed top district and state awards for seven consecutive years.

Graduations nearing

Graduation ceremonies for students in Quad-City public and parochial schools will be

Tour college at Rockford

Tom Clark, son of Mr. and Mrs. Charles Clark, 2304 Cardinal Court, and Gary W. Hency, son of Mr. and Mrs. Garold D. Hency, 2208 E. 24th St., Granite City, were among prospective college students who visited Rockford (Ill.) College.

The college invited the students in order to have them meet members of the faculty, visit classes and tour the new multi-million-dollar campus of the 127-year-old school. The private, coeducational liberal arts college ten years ago moved to a 204-acre campus of gently rolling, partially wooded land at the eastern edge of the city.

Between 1948 and 1954, Ebbs was all-associate professor at the alma mater, serving as head of Baldwin-Wallace's wind and percussion instrument department and director of bands. He has served as visiting lecturer and guest instructor at the University of Illinois and Michigan University and clinic director of guest conductor for state and regional high school and college bands, summer camps, clinics, conferences and workshops in 27 states and the District of Columbia.

Similarly, he has adjudicated competition festival throughout the United States and Canada.

Ebbs is a former president of the Iowa Bandmasters Association and holds membership in the American Bandmasters, College Band Directors National and Ohio Music Educators associations; American Association of University Professors; Phi Mu Alpha Sinfonia and Pi Kappa Lambda music fraternities, among others.

He and his wife, Ruth, are the parents of a daughter, Beth Ann.

In Saturday's all-city festival, the combined grade school band will play: American Patrol by F. W. Meacham, arranged by John Kinyon; Simple Gifts, arranged by Don Schaeffer; and Little English Suite by Leroy Jackson.

Junior High musicians will perform: The Great Century concert march by Ernest Weber; Leithbridge Overture by James D. Plophar; Gypsy Life from "The Fortune Teller" by Victor Herbert, arranged by Merle J. Isaac; and Marching Up Broadway, a medley, arranged by Robert Lowden. Selections to be presented by the combined North-South high school band, include: Semper Fidelis by John Philip Sousa; First Suite in E, Chaconne, Intermezzo and March, by Gustav Holst; Chorale and Alleluia by Howard Hanson; and Cole Porter, a symphonic portrait for band, arranged by Wayne Robinson.

held during the last week of this month and in early June, with the first graduation program scheduled by St. Joseph Catholic School at a 9:30 a.m. mass on May 28.

Other graduation programs for Catholic School pupils are scheduled by St. Margaret Mary on May 27, Sacred Heart and St. Elizabeth schools on May 30 and St. Mary-St. Mark's schools on June 2. Details of the programs will be announced later.

Graduation of junior high school pupils at Madison is scheduled at 2 p.m. June 4, while Madison High School will hold its commencement exercises on June 5.

In Granite City High School South will hold its commencement June 7 while students at GCHS North will conduct graduation ceremonies June 8.

Persistent Warrior nine overpowers Tigers 13-12

GCHS South's baseball nine on Monday boosted its season record to 13-11 by gaining an eighth consecutive win 13-12 at Edwardsville.

The Warriors had 16 hits and scored once. Edwardsville got 13 hits and committed four errors.

"Mike Stanton," noted Warrior Coach Conrad Dumbek, "did a fine job in relief pitching."

Ray Smith started for South and was relieved in the first inning by Kirk Champion, who in turn yielded to Stanton in the fifth.

Stanton gave up no walks, struck out five and allowed only

one hit in three innings.

The host Tigers jumped into the lead on seven runs in the opening inning but the never-say-die Warriors retaliated with eight of their own in the second.

Greg Linhart walked and scored on Paul Muehl's triple. Dennis Solberger singled, Mike Martinez doubled and Dave Dumbek and Jim Kafka each singled in a run.

Stanton blasted a three-run homer and Linhart, batting for the second time in the inning, also knocked one out of the park to inch South ahead 8-7.

Edwardsville tied it in the second and took a 10-9 lead in the third after Warrior Kirk Champion homered.

The seesaw battle continued with South taking an 11-10 lead in the fourth. Jim Linhart's walk, hits by Muehl and Mike Goggin and a wild pitch. The Tigers regained the lead in the fifth.

With South trailing 12-11 in the seventh with two men out, Stanton singled, Linhart walked, Muehl tied it with a hit to left and the lead runner also scored as Muehl's single got past the fielder for an error.

Muehl totaled four hits and Stanton, three.

"It was a big morale booster for us," concluded the mentor, "since we might meet the Tigers Saturday in district competition."

Special sports Olympics Friday

Quad-City area track and field medalists will attempt to repeat last year's feats in the 1974 edition of the annual Special Sports Olympics to be held tomorrow at McAndrew Stadium at Southern Illinois University at Carbondale.

Of the 25 area handicapped athletes who will participate in his or her own age and ability level, a Granite City girl will be seeking her second consecutive trip to the state meet with repeat victories in pentathlon competition—50-yard dash, 300-yard run, long jump, high jump and softball throw.

The meet is open to athletes from institutions, shelter care workshops, special education classes and communities in 37 Southern Illinois Counties.

South tennis win

Warrior tennis, playing without the services of singles star Bill Ruskic, who was ill, defeated Edwardsville 2-2 Monday on the Tiger court.

John Bruchs lost 5-7, 4-6. Frank Faulkner won 6-3, 6-2. Alan Davenport, filling in for Ruskic, won 7-5, 6-4. The doubles duos split: Bill Berger and Gary Osborn lost 3-6, 3-6 and Mike Papes and Steve McCluskey won 6-1, 6-3.

South's frosh team downed Edwardsville 3-2 on wins by Andy Hall 1-6, 10-9, 6-0, Mark Kriski 6-3, 2-6, 6-3, and Jeff Hagopian and Bob Swiecki 6-2, 6-4.

'Snake,' 'Mongoose' renew speed rivalry here Saturday

During the 1973 Gateway Nationals at St. Louis International Raceway near Madison, Don "The Snake" Prudhomme complimented his foe, Tom "The Mongoose" McEwen, after Prudhomme's semi-final victory in the funny car category.

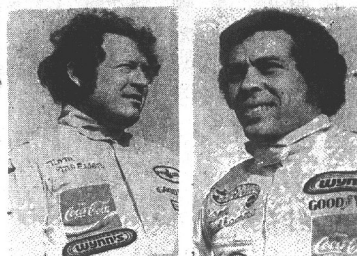

The two will renew their rivalry here Saturday. "The fact is simply that we respect each other's ability and realize that we are each other's only real competition," Prudhomme observed.

He was the meet's fastest qualifier in his class with a time of 6.374 seconds at 226.14 miles per hour.

McEwen was third fastest with a 6.651-second run at 218.92 miles per hour. The competition tests extreme acceleration of vehicles and the drivers' skill and courage.

Even though both were competing on the same racing team, they were genuine enemies on the drag strip and their running against each other in national meets soon became known as a "grudge race."

The battle between the two champions—McEwen is a five-time National Hot Rod Association champion and holder of three coveted "driver of the year" awards—will continue Saturday, May 11, at the track on Route 203

TOM MCEWEN

DON PRUDHOMME

beginning at 8:30 p.m.

This year's staging of the nationally publicized race has been further dramatized by announcement that the two competitors have split company and have "joined the military"—Prudhomme pilots his funny car for the Army and McEwen for the Navy.

The Army and Navy involvement in drag racing included sponsorship last year of a "Hell on Wheels" wheel standing tank.

Prudhomme won most of the major 1973 meets he entered and promises to be a threat for the American Hot Rod

Association championship title this year.

The speed and the quickness of McEwen's new funny car is not to be overlooked, however. It is almost certain he will be even tougher this year than in 1971, when he set the International Hot Rod Association national record for elapsed time with a 6.49 in Ohio.

Gates at St. Louis International will open to the public Saturday at 5 p.m. and all classes of competition—including "super street money" racing—will begin two hours later.

Henke (6-1), MHS (6-11) open district competition

Trojan hurler Jon Henke struck out 11 and gave up no walks Monday, but Aviston Central's three-run fourth inning—on two Madison errors, the young hurler struck out 22 batters and allowed only four hits.

"He has a good breaking fastball," said Davis, "and a sneaky curveball that is hard to hit."

A son of Mrs. Helen Henke, 2001 Beckwith Ave., he is described as "one of the best fielding pitchers around."

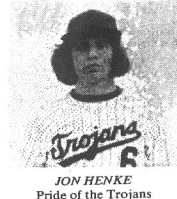

"He can cover first base with the best, and is a good bunter."

The Trojan pride had a batting average of .289 in 38 times at bat in 13 MHS games.

"I've had scholarship offers from a few universities," reports Henke. "In fact, a scout from Cincinnati was here this week."

"But I am still shopping around."

Young, Garrett lead track team

Trojan Joe Young placed third in the 100-yard dash and teammate Lamont Garrett finished fifth in the same event for Madison High's total of four points and an 11th-place finish at the Roxana relays Tuesday.

O'Fallon had 58 points, Wood River 55, Bethalto 51, Mascoutah 49, Lebanon 39, the host school 37, Triad 20, Highland 14, St. Paul of Highland 13, Columbia 10 and Red Bud and Jerseyville, two apiece.

District tennis tourney here Friday, Saturday

An 11-school Granite City High School South district tennis tournament will get underway at 9:30 p.m. tomorrow and continue with final rounds at 9 a.m. Saturday.

Roger Smith, South athletic coordinator, reports that tomorrow's singles competition will be played at the Wilson Park courts while doubles action will be on the State Street courts at South High.

Saturday's finals in both singles and doubles will be played at Wilson Park.

Competing here will be Alton, Bethalto, Collinsville, Edwardsville, GCHS North and South, Jerseyville, Lebanon, Roxana, Triad and Wood River.

Record pace by Allen, Tyus

Six first places and four school records highlighted the SUE track team's performance in the University of Wisconsin Relays during the weekend. Although no team standings were kept, the Cougars led the four-school field in unofficial point totals.

SUE first places went to George Tyus in the 100-yard dash with a time of 9.6 seconds, the 440-yard relay team of Greg Becker, Jon Schmitt, John Schuster and Tyus in 44.3 seconds, Carl Mason in the 880 with a 1:55.5 and the mile relay team of Mason, Becker, Allen Murray and Mike Allen in 3:24.3. Most of the athletes are Quad Cityans.

Allen won both hurdle events,

Granite City High School North and Collinsville are scheduled to meet on the diamond at Edwardsville's LeClaire Field at 4:30 p.m. today in the first round of the five-school Edwardsville district baseball tournament.

At 1 p.m. Saturday, the host school and Madison will meet, followed by either Collinsville or North meeting GCHS South. South drew a first-round bye.

The two winners of Saturday's contests will then play against each other at 4:30 p.m. Monday, with the victor advancing to the Edwardsville regional to play the Lebanon District winner on Tuesday, May 21 at Southern Illinois University baseball field.

The Warriors of South dominated regular season competition against the district entries, having defeated Collinsville twice, South twice, and GCHS North twice. South and Madison have never met during the season.

North was downed in a doubleheader by Edwardsville and in regular season play the Steelers defeated Madison 14-3.

Girls' track district meet

Granite City High School North and South will compete at 4 p.m. tomorrow at Cahokia in joining 463 girls' track and field teams in 17 district meets around the state in an attempt to qualify for the state finals the weekend of May 17-18 at Lincoln Field, Eastern Illinois University, Charleston.

"It's difficult to predict the outcome of a meet this large," said South's Miss Barbara Kerch, "it will be tough and go for us and North."

"Although we have some outstanding individual girls," Kerch says, "our most consistent effort has been in the 880-yard relay. The top two finishers in each of 15 events at Cahokia, plus performers who place at least fifth and meet or surpass state qualifying standards, will advance to the state finals."

Cougar nine busy

It's a toss-up as to which team will prevail Friday, Saturday, as the Cougars and SUE and Western Illinois battle in four baseball games at Cougar Field.

The host Cougars of Coach Roy E. Lee are 24-9, while the Western Illinois Leathernecks are coming along at a 26-9 clip. SUE is ranked fourth in the latest NCAA Division II ratings issued by Collegiate Baseball. Scarborough of Granite City is batting .333 for SUE as well as starring as an outfielder and runner.

Eaker leads team

Belleville Althoff's Fred Mueller and Mark Polites each scored an even-par 35 Wednesday on their home course to help defeat GCHS North 147-166. Scoring for North were Gary Eaker 39, Rich Bohnefuehl 42, David Dodson 42 and John Gracey 43.

120-foot auto jump planned here Friday

Tri-City Speedway at Route 201 and Interstate 270 will be the scene tomorrow of the second attempt in less than a year of Ken Carter's daredevil and world record breaking ramp-to-ramp auto jump.

Last August, Carter jumped over two buses placed end-to-end to set a new record of 117 feet on the front straightaway of the local racing track. Since then he has broken both legs in jumps at Jackson, Mich., and in South Carolina, but he now feels he has recovered enough to attempt to clear 120 autos parked side-by-side

tomorrow for a distance of 120 feet.

Explaining why he does the stunts and endangers his life, he replied, "I gross about \$80,000 a year."

He has to travel about 50,000 miles each year for enough bookings to continue his income.

Later-model stock car racing on the half-mile dirt oval will be featured in the 7:30 p.m. program.

Tickets for the special event are \$3 for adults and \$1 for children.

Assure 4 more learning centers in 1974-75 year

Parents of elementary school students at Frohardt, Johnson, Logan and Stallings schools were assured by the Granite City Board of Education Tuesday night that learning centers will be installed at those schools for the 1975-76 school year.

Frohardt School parents at a previous school board meeting requested the board redistrict and send some Pontoon Beach students to another school, thus leaving space and teaching capacity for a learning center at Frohardt.

B. J. Davis, superintendent of schools, told the board he has met with a group of the Frohardt parents and explained difficulties which would develop if the Frohardt learning center was installed for the 1974-75 school year.

"I do not like to recommend the transfer of students without

a full study and we do have budgetary considerations to be made. We will have a learning center at Frohardt School in the fall of 1975, even if redistricting is necessary," Davis stated.

The board reaffirmed its previous stand to add learning centers in the fall to Lake, Marshall, Parkview and Webster schools and to provide the centers at the remaining four elementary schools the following year.

Learning centers allow more individualized instruction in several areas of education, it was explained.

Works by North students chosen for publication

The National High School Poetry Press and the National Essay Press have selected several works by Granite City High School North students to be published in their anthologies.

Freshman Cresenda Angle and senior Tony Bennett's original manuscripts of 20 lines or less were selected by the poetry press.

Seven students selected to be published in the semi-annual prose (essay) anthology are Eric Thoeke, a freshman, Toni Simmers, Mark Besta, Claudia King, Paul Stajduhar, Mendi Bunch and David Heath, all seniors.

Dr. Goni Michaeloff, English department chairman and oral communications instructor, Mrs. Donna Cowan, advanced senior composition teacher, and Miss Cynthia Blumenstock, a senior composition teacher,

received notification of the essay and poetry acceptance. The National High School Poetry Press and the National Essay Press, both located at 3210 Selby Ave., Los Angeles, Calif., sell their publications for \$3 per copy.

A. W. Davis is awarded title

A. W. Davis, owner and operator of the Tri-City Hearing Aid Service, 1142 Rhodes St., Madison, has been awarded the title of "Certified Hearing Aid Audiologist" by the National Hearing Aid Society, a non-profit organization which maintains the standard of ethics and competency among those engaged in the treating of human hearing and in the selection, fitting and servicing of hearing aids.

The society and the Illinois Hearing Aid Dealers Association, in which Davis is a member, are pledged to help bring better hearing health to the hard of hearing. Davis said.

The month of May has been designated as Better Hearing Month. The Tri-City Hearing Aid office serves the Quad-City area and surrounding towns.

The purchase of land by the Girl Scouts was made possible largely through profits from their annual cookie sale. President Howard Etherton reported that the major club project now will be the annual boat races scheduled in July on Horseshoe Lake.

Bill Seibold again is general chairman of the event that attracts top rated drivers of alcohol and nitro-powered hydroplanes.

Three injured

Three men were injured when the cars of Charles Strain, 44, of Rural Route Three, Box 68a, and Dave Naeve, 16, of 2718d Center St., collided in the 3000 block of Madison Avenue at 7:35 a.m. Monday.

Naeve, who was charged with making an improper left turn, was taken by ambulance to St. Elizabeth Hospital where he was admitted with a cut to his left ear, which was sutured.

Strain and John Moore, 16, of 2413 Rock Road, suffered minor injuries.

Merit scholarship to Cooke at Westminster

Paul S. Cooke, 3706 Ruth Drive, is the winner of a college-sponsored four-year Merit Scholarship to Westminster College, Fulton, Mo. It was announced this week.

He is a student at Granite City High School South, and his principal field of study is chemistry.

Cooke, an Illinois state scholar, has a National Educational Development Test certificate. He has been a scholar quiz team alternate and holds membership in the National Honor Society.

President of the South High chess club, he is a member of the tennis team, lettering for two years.

Westminster is a four-year liberal arts college for men, offering a bachelor of arts degree in 20 major fields and a bachelor of fine arts degree in three.

Barnett to appear in film biography

Paul Barnett of St. Louis, a member of Armvets Post 51 here, is to act in a film biography of Gen. Douglas MacArthur.

Steve Conkovich of Granite City, public relations officer for the local Armvets post, says he returned this week from Hollywood, Calif., after making arrangements for Barnett's appearance in the movie. He is serving as Barnett's agent.

Barnett was the Navy man in World War II who piloted landing craft carrying Gen. MacArthur ashore on the general's return trip to the Philippines when the photograph of MacArthur and the president of the Philippines fulfilled MacArthur's promise, "I shall return."

Many of those actually involved in the general's life are to appear in the film.

The college currently enrolls 700 from 35 states and 10 foreign countries, and maintains a faculty-student ratio of one to 12.

Half of Westminster graduates go on to post-graduate studies, with a large percentage pursuing advanced degrees in medicine and law. The lone recipient of a 1974 Merit Scholarship from Westminster, Cooke was selected by that school from the group of National Merit Scholarship Corp. finalists who named that institution as their first choice.

Perform at Young Artist concert

Miss Kathy Pendergrass, Miss Deborah Buer and twins Brenda and Glenda James, all of Granite City, were among local musicians who performed at a Young Artist Concert during the weekend at Lovejoy Auditorium, Southern Illinois University at Edwardsville.

Miss Pendergrass, 11, is a daughter of Mr. and Mrs. Donald Pendergrass, Rural Route One, Sand Road, and Miss Buer, 11, is a daughter of Mr. and Mrs. William O. Buer, 2027 Pontoon Road.

They played a piano duet, "Children's March" by Franz Schubert. Miss Pendergrass is a sixth-grade student at Stallings School and Miss Buer is in the same grade at Nameoki School.

The James twins, ages 12, also performed a piano duet, a march by Ludwig Van Beethoven. They are piano students of Marge Ellsworth of Granite City.

STEAL AUTOMOBILE

Dennis J. Orsey initiated

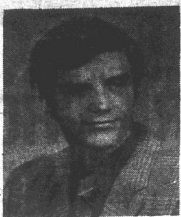

Dennis James Orsey, son of Mr. and Mrs. Andrew G. Orsey, 1528 Clark Ave., has been initiated as a member of Sigma Iota Lambda honorary society in ceremonies held at the University of Illinois.

Minimum requirements for membership are maintaining a 4.25 point grade average, participation in extra-curricular activities and intentions of pursuing a career in law.

Orsey, who is a James scholar and on the dean's list, currently is floor vice-president of Illinois Towers, and plays intra-mural soccer and softball.

A political science major, with a history minor, he expects to earn his bachelor's degree by June 1976.

Orsey graduated in June 1972

DENNIS J. ORSEY

from Granite City High School South.

Boy, 14, critically injured

Marvin Wallace, 14, of 1123 Meridian Ave., was injured critically when he became wedged between a moving truck and a tree in the back yard at 2800 Missouri Ave. at 12:40 p.m. Monday. The boy is the son of Mrs. Ronnie Wallace.

William Powers, 2700 W. 20th St., the boy's grandfather, said Wallace was helping him load

trash into the truck. Powers began to back the truck up and did not see the boy trapped behind him against the tree. The youth was taken by ambulance to St. Elizabeth Hospital with multiple injuries and was transferred to Firmin Desloge Hospital, St. Louis. He was admitted to the intensive care unit of the St. Louis hospital in critical condition.

Mental health board dinner

The annual public dinner meeting of the board of directors of the Mental Health Clinic, Quad-City Center, will be held tomorrow at the Sunset Hills Country Club.

A social period will begin at 6

p.m. with a smorgasbord dinner served at 6:30 p.m. The students of the Suzuki Violin program at Southern Illinois University at Edwardsville will entertain during the meal.

Ronald D. Johnson, superintendent of the Division of Parks and Memorials of the Illinois Department of Conservation, will be the guest speaker for the annual meeting. Mrs. Eva Meier, 2456 State St., is chairman of the event.

Dawes files suit for hand injury

Billy Goat Industries, Inc., and Village Shopping Center, Inc., are named defendants in a suit filed by Emerald Dawes in Madison County Circuit Court. Dawes, a Granite City alderman, alleges that on Dec. 29, 1973, while working with the Wolfe Construction Co. he was using a vacuum sweeper manufactured by Billy Goat Industries and furnished by the Village Shopping Center on the Bellemeade Shopping Center parking lot, and allegedly suffered serious and permanent injuries to his right hand which was pulled into the sweeper when he attempted to attach an exhaust hose nozzle cap which had fallen off. He seeks \$100,000 from Billy Goat Industries.

Two other counts ask \$100,000 from Village Shopping Center.

Mrs. Sudie Smith, 95, dies

Mrs. Sudie Smith, 95, of 24 Lee Wright Homes, Venice, who has resided in this area since 1927, died at 2:35 a.m. Tuesday at Christian Welfare Hospital, East St. Louis.

She was born on May 30, 1878, in Kosciusko, Miss.

Surviving are two sons, James Smith of Venice and Charles Smith of St. Louis; a daughter, Lola Smith of Venice; a granddaughter, Mrs. Charletta Dorsey of Chicago; three great-grandchildren, two daughters-in-law and a sister, Mrs. Mary Hickman of Chicago.

Funeral services will be conducted at 8 p.m. Sunday at the New Salem Baptist Church at Venice.

MRS. SUDIE SMITH

Walter Hurt, 67, dies

Walter Homer Hurt, 67, of 2061 Edison Ave., an active member of several Masonic organizations, died at 3 a.m. Tuesday at St. Elizabeth Hospital. He had been ill one day and was hospitalized the same period of time.

Mr. Hurt was born in McEwen, Tenn., and lived in Granite City for 27 years. He was unmarried and a veteran of World War I.

He retired in 1969 from the Granite City Army Installation, where he had been employed as a processor.

A member of Triple Lodge 835, AF&AM, Mr. Hurt also held membership in the Scottish Rite Bodies of Belleville, Alnad Shrine Temple of East St. Louis, American Legion and Disabled American Veterans.

Survivors include a sister, Mrs. Nashville C. (Zettie) Sewell of Washington Park, Ill.; and a brother, John W. Hurt of Maryville.

Funeral arrangements are given in today's obituary column.

A&P names woman to consumer post

Barbara Doran Sullivan of New York City has been appointed by The Great Atlantic & Pacific Tea Co., Inc., to the newly-created post of National Director of Consumer Affairs in an expansion of A&P consumer relations activities.

John J. Cairns Jr., vice president-merchandising and national director of sales, announced that Mrs. Sullivan, who previously served in a similar capacity with Kayser-Roth's Arno Division, assumed her new office at company headquarters Monday.

Cairns said Mrs. Sullivan, a former food and cookbook editor for Good Housekeeping magazine, was selected to develop and direct programs that will enable A&P to relate more closely to customer interests and to serve as the consumer's advocate within the company.

Activities of the new Director of Consumer Affairs will involve A&P's 31 divisions and 3650 stores in 33 states, the District of Columbia and Canada and will include such areas of responsibility as product development, packaging, advertising, store layout as well as consumer organizations and agencies.

HOUSEHOLD ITEMS TAKEN
Richard Lamborn, Courtland, N. Y. reported during the weekend that most of his household items disappeared while they were being moved from the 600 block of Jefferson Street in Venice to the 600 block of Fourth Street in Madison recently. Missing are tables, chairs, lamps, cribs, bed frames and other items, he said.

Train kills

(Continued from Page 1)

Members of the train crew on engine No. 567 told police they first noticed the body after the southbound train had backed during switching operations. They said they had seen no one in the vicinity earlier and had no knowledge of the accident. In addition to his father, Mr. Waters is survived by his mother, Mrs. Leola Waters of Venice; three sisters, Mrs. Deloyd Holiday and Mrs. William (Etta Mae) Banks, both of Venice, and Mrs. Norma Gene Griggs of Edwardsville, and two brothers, Carl Herman Waters of Venice and Charles Waters Jr. of Los Angeles, Calif.

Mr. Waters was Sunday School superintendent and sang in the choir of the Southern Missionary Baptist Church in Venice.

Funeral arrangements are pending at an East St. Louis funeral home.

John Mims dies at 71

John E. Mims, 71, 1724 Bond Ave., East St. Louis, a retired employee of American Steel Foundries, died Friday at Barnes Hospital, St. Louis.

Services will be held in Mobile, Ala. He is survived by two daughters, five sisters and a brother.

INJURED IN ACCIDENT

Donald Valencia, 29, of 1027 Madison Ave., was treated at St. Elizabeth Hospital at 4:10 a.m. Wednesday after he was injured in an auto accident. He suffered abrasions to his left arm and a chest injury. X-rays were taken and he was released.

St. Elizabeth to mark National Hospital Week

(Continued from Page 1)

St. Elizabeth Hospital will join the nation's more than 7,000 hospitals next week in a National Hospital Week celebration to honor the three million persons employed in health care institutions.

A proclamation has been issued by the mayors of the four local communities designating Sunday as the formal opening of the week-long observance.

Inaugurating Hospital Week activities today is the traditional "Clergy Breakfast" at St. Elizabeth Hospital when clergymen from all Quad-City churches are invited to join hospital staff members at breakfast.

Other events include: Sunday—Presentation of a layette to the first baby born on Mother's Day and flowers presented to the mothers.

Monday—Flowers to the Screening Clinic at the hospital's main lobby for the general public, and flowers

engineering work has been done at this point.

Schuler said earlier that the first step in acting the project was to determine the best location for the underpass, which would be overpass, whichever would prove most feasible. The location would be either at 19th Street or 20th Street, Schuler said.

A grade separation at the railroad tracks between downtown Granite City and West Granite has been a top priority project for many years, but has been delayed by problems of financing. Total cost of such a project is expected to range from \$3 to \$4 million.

Dual posts

(Continued from Page 1)

He challenged board members to file a court suit against Macios to determine if a conflict exists.

The board heard Macios offer evidence that no conflict exists and questioned the board's attorney, William Schooley, on legal advice before agreeing to send Mrs. Jackson a letter containing legal justification for his position in both posts.

Macios offered opinions from the state's attorney, the attorney general, the Office of the Illinois Superintendent of Public Instruction and the office of the superintendent of the Madison County educational service region, all indicating that no conflict exists.

"Before I ran for the two offices which I now hold, I had two attorneys check the statutes. They said nothing in the state statutes, both lawyers said, that shows a conflict of interest," Macios said.

Schooley said one opinion recently from Attorney General William J. Scott's office indicated that if a district ceases property in a township, the assessor could not assess that property.

He defended his position, saying the only school district property in Nameoki Township is Stallings School and that it is tax free and does not need to be assessed, as long as no portion of it is leased for farming or any profit-making endeavor.

Schooley agreed, saying, "If the school district should lease out any portion of that property, I would say a conflict exists. But at this point, I feel there is no conflict."

Board member Norman Hall suggested, "It might be best if we find a friendly suit and get this cleared up once and for all."

Schooley countered that the board must make a decision that it feels there is a conflict before the court will accept the case.

"If the board came to that decision, the court would look at other statutes and at the laws of the two offices and then it could make a judgment on whether they are incompatible," the attorney told the board.

"If the board wants to test it in court, I think we could formulate a question in such a form the court would consider it," he added.

Schooley estimated the cost to test the case in court would be \$300 to \$500.

Hall commented, "I hate to see this thing keep hanging over our heads. It hangs over all of us."

George Moore Sr., board member, suggested a letter be sent to Mrs. Jackson, "and we will see if that settles it."

"If questions continue to arise, we can always consider court action. I hate to spend taxpayers' money for this if there is an easier way to settle it."

A second letter was read to the board from a man accusing Hall, Metcalf, Davis and Moore of having conflicts. Hall was accused of voting to approve claims to Illinois, which he is employed. Hall commented, "I only wish I were getting some of that money."

He is sales supervisor for the service area in Madison County. Metcalf was accused of conflicts for voting to approve postage claims while he was assistant postmaster. "I certainly didn't get any of it. No way," he responded.

Davis, whose wife is employed by the school district, was accused of approving payroll for his wife. Moore was alleged to be in conflict for helping hire two relatives for school posts.

Moore said one relative was hired as a teacher on the recommendation of the administration and one relative was hired as a cafeteria worker during a meeting Moore did not attend.

Macios suggested that a reply be prepared to the charges and sent to the letter writer, if an address can be determined.

No mention was made that President Donald Stucke's wife is a school employee. But he was singled out for criticism in Mrs. Jackson's letter for "selling insurance."

She alleged that another school board member, Monroe Worthen, is employed as auditor for Nameoki Township.

No mention was made that individual serves as the auditor. "But even if I were the auditor, so what?" he asked.

Stucke remarked, "I didn't know it was a crime to sell insurance."

He said his company has a policy with the school district but it was started before he joined the firm. "I haven't profited one cent from it," Stucke concluded.

Nameoki board to act on highway dept. vacancy

(Continued from Page 1)

An attempt is to be made Saturday to name an acting highway commissioner for Nameoki Township, temporarily replacing Highway Commissioner Albert E. Bell, who is ill and has been hospitalized since Friday.

Louis Whitsell, township supervisor, was called to a special meeting of the township board of auditors for 10 a.m. Saturday to name an acting highway commissioner, but several auditors already have indicated they will be unable to attend Saturday's meeting.

Only two auditors and Whitsell are needed, however, to constitute a quorum.

Whitsell said an acting highway commissioner is needed to approve the highway department's bills before they come to the township board for payment.

The town board is to meet in regular session Monday night.

Whitsell commented, "I think it is our duty to appoint a highway commissioner pro tem until the highway commissioner puts it in writing, as required by law, that he is able to return to work."

Whitsell said he does not plan to submit a name for consideration as acting highway commissioner and said the auditors have been aware of the need for one for some time and should have been thinking about who to appoint.

Whitsell as treasurer of the highway district, and the auditors, who approve highway department bills, would be ineligible to serve in the temporary post.

Striking teachers seek new meeting with board

(Continued from Page 1)

Venice school teachers who have been on strike since April 22 will seek another meeting with Board of Education members, possibly tomorrow, to discuss the deadlock over a salary increase, but declined today to discuss details of their proposals.

Miss Irene Hackett, president of the Venice American Federation of Teachers Local 965, said the union and school board officials had agreed to release no further public information on specific issues until a settlement is reached.

Both the teachers and the board still are far apart on salary proposals and no immediate agreement is in sight, it was reported today. Picketing continued at the Venice elementary and high school and at the vocational center.

Meanwhile, a new organization known as the Venice Concerned Parents met Tuesday night with school officials in an informal session. Approximately 45 parents attended the meeting in which Board President Jack Tolliver, Board Member Richard Bailey, School Supt. John Pier and Assistant Robert Vickers answered questions concerning the school district financial plight and its ability to meet teacher pay raises.

Mrs. Ronald Blatz, spokesman for the group, said the group is "at a loss" to know what steps should be taken in order to settle the strike and that "there are problems on both sides." She said the group

will make no public statement after the next meeting between the teachers and school officials.

The teachers on Monday rejected a proposal by the school board which offered services a \$300 lump sum raise for the current school year and a 3 per cent increase for the following year, plus an additional 3 per cent for that year contingent upon referendum approval of an increase in the tax rate of the educational fund.

That offer was an increase in the school board's original proposal of a \$200 lump sum payment for this year only.

The teachers met again Wednesday at the Venice Madison American Legion Hall, but declined to say whether they had drafted a new proposal to be given by the school board.

The ban on public release of specific issues discussed between the board and the teachers, which the school board made its \$350 and 3 per cent proposal to the teachers at that time made a counter-offer to the board which, it was reported, allowed a \$200 lump sum salary schedule raise that had been requested by the teachers.

The teachers charged that information concerning this offer was not released by school officials.

For that reason, Miss Hackett said, it was agreed between the teachers and the school board to keep further discussions private and release no details on specific issues.

Two charged in jail fight

(Continued from Page 1)

Two inmates of the St. Clair County Jail were charged Monday with attempted murder in connection with a fight May 1 at the jail in which Alton inmate Wells, 25, of 1715 Collinsville Ave., Madison, another prisoner, was injured seriously.

Pleading innocent to the charges, were Marquies White, 19, and Ernest McGray Jr., 20, both of East St. Louis.

Wells was reported this morning recovering from severe head injuries. He was expected to be taken to the jail infirmary today from Memorial Hospital in Belleville.

His head was kicked by one man and jumped on by another during a fight over a package of cigarettes, according to Jail Supervisor Capt. Jack Suter. He came into the intensive care unit Monday when he regained consciousness, Suter said.

200 at Moose installation

About 200 persons viewed the installation of new officers and attended a dinner-dance at Moose Lodge 272 Hall, 21st and Adams streets, during the weekend.

Officers installed for 1974-75 are: Larry Lane, governor; Jack Wilson, junior governor; Paul Morris, past governor; Virgil Singer, secretary; Boyd Presley, treasurer; Fred Miller, prelate; Wes Lehmkuhl, Nat Davis and Tom Summers, trustees; Walter Andres, sergeant-at-arms; Charles Westbrook, outer guard; and Jim Jones, inner guard.

The ceremony was conducted by Bud Worthen, assisted by Edward Chastain, installing sergeant-at-arms. Music was provided by Mrs. Margaret Crawshaw, pianist, and Mrs. Alice Worthen, soloist. Escorting the new officers were Velma Finney, Ruth Goss, Paul Presley, Vernie Wilson, Shirley Green, Marie Singler, Letha Worthen and Josephine Jones. Officers of Women of the Moose, Chapter 247, formally greeted the new lodge officials as part of the installing ceremony.

The greeting committee included Mrs. Margaret Houseman, senior regent; Mrs. Nancy Hamilton, junior regent; Mrs. Jean Teller, junior graduate regent; Mrs. Karol Andres, treasurer; Mrs. Rose Summers, chaplain; Mrs. Frances Westbrook, sentinel; Mrs. Pearl Giffin, Argus; and Mesdames Mildred Volpouli, Dorothy Coy and Edna Miller, college of regents. Dinner was served by Mr. and Mrs. Wes (Marian) Lipscomb and daughter, Pat, and dancing followed to the music of "Frisco."

DISCUSS SPENDING CURB. Legislators from Southern Illinois who met with Gov. Dan Walker this week to pledge support for fiscal responsibility in next year's budget. Suburban Baptist revival

The Suburban Baptist Church, 2500 St. Charles Ave., will conduct a series of special revival services at the church, beginning Sunday and continuing through May 19.

Leaders include the pastor-evangelist, Rev. Bob Worley, and a husband and wife team, Don and Dena Hasse, who are presently members of the First Baptist Church, Denison, where Hasse is minister of music and education.

He holds master's degrees in music and education from the Southwestern Baptist Theological Seminary, Fort Worth, Tex. Having served as staff member with the First Baptist Churches of Hollis, Okla. and Borger, Tex., before coming to his present position, Hasse has wide experience in church music.

He is an active member of a select group of Southern Baptist music ministers known as the Centurymen. Mrs. Hasse is organist of the First Baptist Church, Denison. A music teacher, she has accompanied well-known music groups and individuals, including Jo Ann Shelton.

On Sunday evening the assistant football coach at SIU at Carbondale, and his son, a football player, will be guests and share their christian testimony. Bob Bailey, the coach, is an active member of the church and his son, a layman.

Girl, 13, hurt seriously

Diana Brandt, 13, of Rural Route Two, Box 924, was injured seriously when struck by a van as she ran to a school bus in the 2200 block of Chain of Rocks road in Mitchell at 7:50 a.m. today.

Witnesses said she ran from the pickup truck of her stepfather, Homer Pinson, across Chain of Rocks road, and was struck by the van of Cecil Tipton Jr., New Franklin, Mo.

The girl's right side was struck by the van and she was thrown several feet by the impact and struck her head on the concrete. She was taken by ambulance to Elizabeth Hospital with a head injury, a cut behind her left ear, abrasions to her right cheek, contusions to the right side of her face and a broken left elbow.

She was examined here and was transferred to Barnes

Study fire problem

A committee of residents of the Bend Road area has been formed to attempt to provide fire protection to the area. The group plans to request that Madison County Volunteer Fire Department include the Bend Road vicinity in the area it covers. The Bend Road Fire Department was disbanded last month.

FALLS FROM LADDER. Edward Royer, 52, of St. Louis, a Granite City steel employee, was injured when he fell from a ladder at the blast furnace division of the steel company at 11 a.m. Monday. He was taken by ambulance to St. Elizabeth Hospital with a two-and-a-half inch cut to his head which was sutured. X-rays were taken and he was admitted.

Veteran 'rookie' stock car winner

Take a rookie driver in the late model stock car division, add years of experience driving hobby cars on the short track circuit, and you come up with the 20-year-old of St. Louis defeating the old pros of auto racing during the weekend on the half-mile dirt oval at Tri-City Speedway.

The former hobby car champion was the fourth fastest qualifier of the evening with a time of 27.20 seconds. Russ Wallace of Arnold, Mo. had the quickest time (26.96).

Scherer beat Rosewood Heights' Bill Myers in the first heat race, outpowered Len Gettemier of St. Charles to capture the handicap event for the sixth fastest cars, and then left the pros in a trial of darts, taking third in Scott Garrison's 100-lap feature race and never being headed all the way to the checkered flag.

Myers and Wallace provided excitement in the latter event with a seesaw battle for second place. In the 19th lap, Myers dropped out with mechanical trouble. Finishing third was Gettemier, and fourth was Webb Spalding of Pontoon Beach.

Stock car racing will resume at 7:30 p.m. Friday and during intermission there will be a "doubleheader" ramp-to-ramp jump by Ken Carter.

Town hall in Nameoki budget

A \$306,366 combined tentative budget for the town fund, general assistance, revenue sharing and municipal retirement fund has been prepared by the Nameoki Town Board of Auditors and posted for public inspection.

A public hearing on the proposed budgets is to be held at 7 p.m. Wednesday, May 29, in the town hall.

The proposed 1974-75 appropriation ordinance includes funds for expansion and remodeling of the town hall on Highway 162.

The new budgets total about \$5,475 higher than the overall budget of the 1973-74 fiscal year, but \$6,700 of the difference is to be paid from increased revenue sharing funds.

The town fund budget was increased from \$104,406 last year, before revenue sharing funds were added, to \$106,206 for the new fiscal year which began March 1. No revenue sharing funds are to be added to any other fund this year.

Louis Whitsell, township supervisor, said the slight increase in the tentative budget will mean no change in the tax levy because of a \$35,000 surplus of funds in the town fund from last year.

The general assistance fund tentative budget was dropped by \$10,525, from \$92,485 last year to \$81,960 this year. Whitsell explained the budget was adjusted to bring it closer to actual expenditures, which have been about \$60,000 to \$70,000 in recent years. "There still is plenty of money in there to handle any large emergencies," he predicted.

The drop will not decrease the 10-cent township levy for general assistance, which raises only about \$44,000 each

year. The state pays all remaining expenditures from general assistance over the amount raised and spent from the maximum 10-cent levy, he explained.

Illinois municipal retirement increased from \$8,000 in the last fiscal year to \$8,500 in the tentative budget, up \$500. Several new projects are planned with the anticipated \$109,700 in revenue sharing the township anticipates receiving

during the fiscal year, including plans for expansion of the town hall, aid to the Long Lake Fire Protection District and the State Park Street Lighting District.

Existing programs to be continued, using revenue sharing, include environmental cleanup and health programs. The tentative revenue sharing budget includes \$35,000 for expanding and remodeling the town hall. Additional costs will

be funded by a conventional bank loan with payments to be made from building rental funds in the town fund, general assistance fund and road and bridge fund.

Rental provisions of \$1,500 have been included in each of these funds, which could provide total payments of \$300 per month on any bank loan necessitated for the remodeling and expansion program, it was disclosed.

The board decided not to finish the courtroom, but to leave it as a general meeting area, thus reducing the ex-

limited construction cost of \$55,000 for the building improvements.

The town electors voted 19 to 8 at the annual town meeting against remodeling of the town hall, but Whitsell protested that the number voting was not representative of the feelings of the township's population.

Also from revenue sharing, the township proposes to give \$10,000 to the financially troubled Long Lake Fire

Protection District, funding and administrative authority of the Long Lake Volunteer Fire Department.

The fire district ran into difficulties when it failed to submit a tax levy to the county clerk last fall and the clerk is unable to extend a 1973 tax rate. The fire district plans to borrow during the next year in an effort to secure enough funds to continue operations.

Residents of the district have been assured, that fire protection will continue.

A tax rate of 24.5 cents per \$100 assessed valuation last year raised \$60,000. The district plans to trim expenses, but the \$10,000 from the township will supply less than one-fourth the amount the district will need. The town auditors also propose that \$2,500 of the revenue sharing be used to aid the State Park Street Lighting District, which appealed to the auditors April 22 for financial assistance.

The township's environmental cleanup program, which includes collection of trash and leaves and cleaning of gutters, will be continued if the new budget is approved, as \$35,000 in revenue sharing funds was set aside for that program. Also to be continued are the township's health programs for which \$27,000 is to be committed by the new budget. Last year, \$83,000 in revenue sharing was distributed among four funds with \$17,300 going to the road and bridge fund, \$32,800 to the permanent hard road fund, \$20,000 to a special bridge account to pay for a new State Park bridge and \$22,000 to the town fund. The environmental cleanup, health and other programs then were operated from those funds.

Kathy Hudson earns honors

Kathy Hudson, daughter of Mr. and Mrs. James Hudson, of Hudson Jewellers, placed sixth in a field of 3,000 at the Office Education Association national leadership conference and contest in Minneapolis, Minn. Miss Hudson survived the process of elimination at the regional and state levels by winning first place in typing and related secretarial subjects. She finished sixth in each of 17 individual contests ranging from accounting, typing and stenography to job interview and job application. She was presented with an award recognizing her accomplishments on the last evening of the four-day conference.

Kathy works at Hudson Jewellers where she is receiving training in typing, jewelry appraisals, orders, order requests, and bookkeeping activities.

In addition to her involvement in the office occupations, club and classes at Collinsville High School, she has been a member of the National Honor Society in both her junior and senior years. After she graduates in June, Kathy will seek fulltime secretarial employment.

Merchandise worth \$6,500 is stolen

Items valued at more than \$6,500 were stolen from the Clothes Closet, 2721 Madison Ave., during the weekend. Police on patrol noticed that a large hole had been cut in the metal rear overhead door. They believe a pair of tin shears was used to cut the hole. Pry marks also were found on another door which had not been opened.

Taken were 14 leather coats, \$120 worth of change, 14 tapestries, 16 blue corduroy jackets, eight coats, 130 shirts, five white jackets, 115 pair of slacks, four bedspreads, 152 pair of jeans, 9 lights, about 50 belts, 12 rugs, \$170 worth of rings, 24 necklaces, \$500 worth of clothes from layaway, two dozen candles, \$600 worth of pipes and paraphernalia, a scale, two dozen incense burners and four pipes.

45th year of Epsilon Sigma

This week is being observed as Epsilon Sigma Alpha International Week by all chapters of the women's organization which is devoted to philanthropic, educational and social endeavors, according to Mrs. Connie Grupas, president of Alpha Xi Chapter.

This year marks ESA's 45th year of service to communities, states and the nation. There are now approximately 1,500 women members in this country who participate in various charitable projects.

Alpha Xi Chapter's major charity is ALSAC, work for aid to leukemia-stricken American children. They also host an annual Halloween party for EMH young adults. The chapter here donated a stroller and other items to the children's ward at St. Elizabeth Hospital.

More than 1,500 hours was given by the 14-member group to community projects during the past year.

The Granite City Chapter hosted the 1972 state convention of ESA in St. Louis. Other members of the Granite City chapter include Betty Bucatch, vice-president; Pat Scherrills, treasurer; Kathy Dohal, corresponding secretary; Mary Firtos, recording secretary; Betty Colligan, educational director; Joyce Albers, Carol Grimm, Pat Lailch, Gerry Mendez, Mary Modica, Barbara Orris, Sue Sanasarian, Marilyn Schooley and Carol Poole.

A proclamation setting this week as Epsilon Sigma Alpha Week in Granite City was issued early this week by Mayor Paul Schuler.

EPSILON SIGMA ALPHA International Week is discussed by Mrs. Connie Grupas, president of Alpha Xi Chapter, and Mayor Paul Schuler. Observance of the 45th year of the organization is being marked this week by all chapters of ESA. (Press-Record Photo)

'Cinco de Mayo Fiesta' Saturday

The Mexican Honorary Commission of Granite City will present its annual "Cinco de Mayo Fiesta" at 8 p.m. Saturday at the Venice/Madison American Legion Post 307 Home in Venice.

Special guest of honor will be Senator Manuel Esparraso Jr., Mexican consul in St. Louis. The public is invited to attend.

A colorful variety show performed by local young people, starting at 8 o'clock, will precede general dancing from 9 p.m. until 1 a.m., according to Steve Ortiz, commission president. Latin American music will be provided by Los Tex-Mex of St. Louis.

The "Cinco de Mayo Fiesta" celebrates the victory of Mexico over the French Army on May 5, 1862 at the Battle of Puebla. Brilliantly colored costumes reflecting authentic Mexican fiesta dress will highlight the variety show which will climax with the popular Mexican dance, traditionally a "show stopper."

Ortiz said Mexican food dishes and set-ups will be available and tickets presently can be obtained in advance at several locations, including Ernie and Annie's Tavern, Yonch's Tavern, American Legion Post 307, Valencia Dairy Cream on Johnson Road, Brothers Two Sporting Goods, 21st Street and Grand Avenue, Sam's Tavern, 866 Niedringhaus Ave., and Mendoza Sporting Goods, 2740 Madison Ave.

Mrs. Ofelia Antoff is directing the artistic group for this year's show and Ruben Mendoza will serve as master of ceremonies, Ortiz said.

Other tasks are being handled by Mrs. Rose Grim, costumes; Mrs. Mary Grimes, decorations; Joe Becerra, bar; George Howles, decorations; A. L. Pete, Metcalfe, tickets; and Ofelia Valencia Jr. and Ruby Ybarra, advertising boards.

Selections by the performers will include: "La Bamba"; "Guadalajara"; "Justicia en Chihuahua"; "La Negra"; "Canciones Mexicanas (songs)"; and "Jarabe Tapatio" (Mexican Hat Dance).

Local people appearing are Laura Mendoza, David Becerra, Angela Ybarra, Sammy Mendoza, Sherri Robles, Ronald Grim, Maria Lopez, Jeff Tinsley, Maria Valencia, Tony Becerra, Jennifer Laird, Mike Mendoza, Ofelia Antoff, Rosa Maria Aiello, Debbie Reading, David Mendoza, Sandy Mendoza, David Bridick, Rhonda Sanders, Robert Rodick, Michael Valencia, Ronald Rojas, Becky Antoff, Lisa Ybarra, Kristine Howell, Kathy Antoff, Leslie Mark Howell, Dora Darnell.

Paula Bogossian, Lynn Ybarra, Connie Becerra, Della Antoff, Ruben Mendoza, Karen Simpson, Sarita Garcia, Monica Grim, David Lopez, Jose Valencia, Raymond Lopez, Raymond Valencia, Steve Ortiz, Juan Jose Ortiz, Jim Segobiano.

Dinner party fetes cousins

Miss Shari Christ, a daughter of Mr. and Mrs. Ed Christ Sr., 1 Hanson Drive, Arlington Heights, and Miss Mary Ellen Wyke, daughter of Mr. and Mrs. Wilbur White, 2701 Iowa St., shared honors at a buffet dinner party marking their confirmation at Concordia Lutheran Church this week.

The mothers of the honorees are sisters and served as sponsors for each other's daughter.

Guests were entertained in the Christ home following the church ceremonies. Those attending were Mrs. Albert Christ, Mrs. Pearl Heaton, Mrs. John Cavar and daughter Cathy, Mr. and Mrs. David DeGonia and sons, Mark, Mike, David and Donald, Mr. and Mrs. Larry Thomas and children, Jennifer and Jeffrey, Mr. and Mrs. Albert Heaton and children, Lisa and Curt, Mr. and Mrs. Herbert Heaton and children, Karen and Herbie, Eddie Christ Jr., and Richard, Diana and Sandy White, Paula Melford and Tom Carney.

Coterie hears investment broker

Mrs. Warren Friedman, a certified broker associated with Stifel, Nicolaus & Co., Inc., was the guest speaker at a meeting last week of the Ladies Coterie held at the First United Presbyterian Church. She was introduced by Mrs. David Friedman, program chairman.

The speaker reported there are 16 offices connected with the St. Louis company, which are located throughout the Midwest. They offer a total financial investment program, she said.

The investment seminar's final meeting will be conducted at 7:30 p.m. May 15 at the Nameoki Recreation Center, Mrs. Friedman said.

Mrs. Merlin Hiscott served as hostess and Mrs. Marvin Edgington led the group in reciting the pledge of allegiance. The club collect was given by Mrs. Floyd Henley. Mrs. E. J. Griffiths accompanied members in singing "Song of Peace."

Two new members, Mrs. Irene Kenner and Mrs. Louis Meek, were welcomed into the club.

During the business session, it was announced the president's club project is a \$50 contribution to the Madison County Cancer Society.

Coterie officers will be installed at a spring luncheon party set for 12:30 p.m. May 16 in the Granite City Army Installation's Officers Club. Reservations are to be made with Mrs. Raymond Horn before Tuesday, members were advised.

New Hope entertains mothers

New Hope Chapter 432, Order of the Eastern Star, in observance of Mother's Day honored 35 mothers at a meeting during the weekend at the Masonic Temple.

Guests of honor were Mrs. Alma Burris, mother of Mrs. Frewett, and Mrs. Bess Sanders. Both are members of OES Chapter 132 of Tulsa, Okla.

A poem entitled "Mother" was read by the worthy matron, who introduced the 35 special guests and presented each one with a gift.

Others escorted and introduced were Mrs. Dorothy Edwards of New Hope, grand lecturer; Mesdames Mary Bilbrey, Hazel Wood and Arlene Edwards of Granite Chapter 650, grand lecturers; and eight grand chapter committee members.

During the business session, reports were given on a recent

dinner sponsored by New Hope and the progress on the Masonic Temple remodeling program. Mrs. Frewett also announced "Friends Night" will be observed May 17.

Refreshments were served by Mesdames Thelma Stockton, Pearl Goins, Elsie Vance and Bertie Hobbs.

MRS. BROYLES HOSTS RAINY SUEZ CLUB. A monthly meeting of the Rainy Suez Club was held Monday evening in the home of Mrs. Carol Broyles, 3109 Jill Avenue.

Games were played and those winning prizes were Mrs. Evelyn Ferro, Mrs. Pat Lee, Mrs. Betty Meyer and Mrs. Karen Broyles.

A dessert course was served by the hostess to those named and to Mesdames Lucille Broyles, Pat Petrosky, Alyene Graham, Mary Allen. The next meeting will be with Mrs. Graham, 2518 E. 24th St.

Delmos Nickells, party honorees

Mr. and Mrs. Delmos Nickell, 2622 Missouri Ave., observed their 25th wedding anniversary at an open house reception this week given by their children.

Hosting the party were Mr. and Mrs. Michael Weatherly, Mr. and Mrs. Paul Nickell, Mr. and Mrs. Pat Wood.

A decorated cake centered the buffet table that was appointed in silver and white color scheme.

Guests attending were Mr. and Mrs. Eugene Carr, Mr. and Mrs. Wesley Buckingham, Connie and Don Perrin, Mr. and Mrs. Russell Richardson, the Rev. and Mrs. Clifton Galtner, Mesdames Kathryn Tripp, Arlene Brown, Mary Sue Connors, Mary Elmore, Nona Reynolds, Mr. and Mrs. Eadie B. 100 at communion breakfast

May baskets holding arrangements of daisies were used as table centerpieces at the annual communion breakfast of the Altar Society held this week at St. Elizabeth Church.

About 100 attended the event and heard Sister Joan Range, guest speaker. The main table was centered with a ceramic madonna encircled with spring flowers. May baskets filled with yellow satin rosebuds were situated at either side.

Members of the Holy Name Society served the breakfast. Mrs. Shirley Heath, Altar Society president, welcomed the members and guests. She later awarded the flower filled

Cradle shower for Mrs. Brueggemann

Jayceettes elect Marlene Ross

The Granite City Jayceettes selected Mrs. Marlene Ross as president at the group's May meeting held in the Jaycee Clubhouse on Poplar Street.

Chosen to serve in other offices during 1974-75, were: Mrs. Carolyn Jones, vice-president; Mrs. Cheryl Gann, secretary; Mrs. Wanda Hill, treasurer and Mrs. Linda Weible, chairman of the board. They will assume their duties in July.

A barbecue preceded the election meeting and plans for a "fun night" were reviewed by Mrs. Janice Weible. The event will take place this month and all Jaycee families are being encouraged to attend, she said. Mrs. Emaline Meador and Mrs. Carolyn Jones reported a

COMING SOON TO GRANITE CITY!

How to make one of the juiciest, best meat buys in town.

Here are the facts:

Tela-Price, Tela-Date, Meat Identification, U.S. Choice Custom-Aging and trimming. These are Schnucks own exclusive meat programs that work together to help you make a better meat buy for your money.

Tela-Date for the finest quality.

Tela-Dating takes the guesswork out of buying fresh meat. The Tela-Date label on all fresh meat tells you, at a glance, the normal "freshness" period. This date assures you that the meat you're buying is fresh, and it will remain fresh for a reasonable amount of time when you store it in your refrigerator before serving.

Meat Identification: What it means to you.

You'll see Meat Identity charts in all Schnucks meat departments. These charts tell you, at a glance, the type of meat, what cut it is and the common retail name. Use the recommended cooking method shown on the meat identity charts with your favorite recipe. You can pick up smaller copies of these terrific meat identity charts from your Schnucks butcher.

How to make the best meat buy for your dollar.

We want you to know what kind of meat you're buying, how much of it you're buying and how fresh and lean it is. Naturally, we always start with the finest meats. Our own Pride of the Farm Pork is raised especially for Schnucks stores. It isn't the average pork item. Pride of the Farm Pork is leaner, has more meat to the pound, and has less marbling and waste.

Our reputation was built on fine meats.

When Schnucks started in business 28 years ago, we sold only U.S. Choice beef. Well, that's never changed. All Schnucks beef is still U.S. Choice and Custom-Aged to bring out extra flavor and tenderness. What's more, all Schnucks beef has the perfect trim. Custom Aging and trimming the fat are just two ways we help you make the best meat buy for your dollar.

BETA ETA INSTALLS. Mrs. Valerie Stevens of Granite City, left, retiring president of Beta Eta Chapter, Delta Kappa Gamma Society, congratulates Mrs. Marilyn Weidner of Edwardsville, following the latter's installation as president in ceremonies at the Sunset Hills Country Club.

Beta Eta installation dinner

Mrs. Marilyn Weidner of Edwardsville was installed as president of the Beta Eta Chapter of the Delta Kappa Gamma Society at the annual installation banquet held during the weekend at Sunset Hills Country Club.

She succeeds Mrs. Valerie Stevens of Granite City as president.

Among the other new officers installed was Mrs. Gladys Pape of Granite City as corresponding secretary.

Musical selections of the Delta Kappa Gamma Singers were presented, and a "Founder's Day" ceremony was conducted by Virginia Oram and Nancy Rainey, both of Granite City.

Highlighting the program was a special segment devoted to personal growth and services given by Mrs. Alma Eilers and members of the chapter's Personal Growth Committee. Hostesses at dinner were Catherine Hildebrand, Martha Jean Hayes, Nelle Hart, Marilyn Weidner and Emily Pritchard.

Other Quad-City members of the women educators group attending were Marguerite Connoles, Irene Cook, Vivian Dine, Viola Edwards, Georgia Engleke, Anna Marie Horn, Helen Purkale, Cleo Ulm, Barbara Williams, Nelle Hart, Martha Jean Hayes and Catherine Hildebrand.

Homemakers unit holds craft day

A "Craft Day" program at Grace Baptist Church highlighted the May meeting of the Granite City Unit, Madison County Homemakers Extension Association.

Mrs. Martha Taylor and Mrs. Helen Parks conducted the craft session, showing unit members how to make tote

bags, potholders and rain bonnets.

Members planning to attend the May 15 district meeting at the Levee House were reminded to convene at 10:15 a.m. that day at St. John United Church of Christ, 2801 Nameoki Road. The unit set its next regular meeting for 12:30 p.m. June 5 at Grace Baptist Church.

HIP FRACTURE

Mrs. Hilda Jameson is a patient at St. Elizabeth Hospital with a broken hip, sustained in a fall at her home.

FIFTH BIRTHDAY

Mrs. Pat Woodard of Old Alton Road entertained during the weekend with a party honoring her daughter, Chriss, on her fifth birthday.

Decorations were pink and white. Birthday cake and ice cream were served to Laurie Hubert, Robbie Doneff, Philip Potter, Ann Heintz, John Vehlring, Ronnie Shamiro, Janet Niles, Ryan and Tammy Weeks, Donna and Mark Levart, Brian Hoel and the honoree's brother, Keith Woodard.

Xi Epsilon Chi hosts tea party

The annual mother and daughter tea of the Xi Epsilon Chi Chapter of Beta Sigma Phi was held Monday evening at the home of Mrs. Jane Laule, 5 Patricia Lane. She was assisted in serving by her mother, Mrs. Eva Wallace, of Avon, Ill. Guests of honor included Mesdames Virginia Ficker, Hilda Foster, Stella Kowalewick, Hattie McMillon, Audrey Sperry, Charlotte Rittenhouse, Misses Lynn Dyer and Heidi Lynn Koenig.

A new Friendly Venture Chapter was represented by Phyllis Talley and her mother, Mrs. Dorothy Wallace.

Retiring chapter president, Mrs. Norma Rains, presided at the tea table and was presented with a gold gavel by the members.

Mrs. Laule, extension officer, received the "Girl of the Year" award.

Other members attending were Ruth Stoyanoff, Betty Ehling, Imogene Forrest, Mae Ehling, Linda Koenig, Ariane Haldean and Martha Jean Dyer.

Junior Service plans activities

The Granite City Junior Service Club held its first board meeting of the 1974-75 club year Monday evening at the home of Mrs. Mary Lou Richardson in Edwardsville.

Mrs. Carolyn Thornburg, president, outlined the proposed calendar of events for the coming year.

Reports by the group indicated that several school children were provided with free eye examinations and glasses, and that Easter food baskets were delivered to 12 needy families during April.

Mrs. Louise Wade, federation treasurer, reminded the group that the quarterly meeting of the Federation of Junior Service Clubs will be held at 1 p.m. on Saturday, May 18. The meeting will be hosted by the Madison club, at the Sunset Hill Holiday Inn.

Additional events planned are the annual mother-daughter banquet Monday in the Officer's Club at the Granite City Army Installation, a semi-annual picnic at the home of Beverly King on June 17, and attending a performance by the Masquers of Fiddler on the Roof on June 22.

Refreshments were served by the hostess following adjournment. The next meeting of the executive board will be June 10 at the home of Pam Tit-sworth.

Friends honor

Miss Sandy Voss

Yellow and green ribbons and streamers accented the gift table and provided the decorating motif for a bridal shower given this week for Miss Sandy Voss in the home of Mrs. Irvin Slate Jr., 2240 Shirlene Drive.

Assisting the hostess were Mrs. Irvin Slate Sr., and Mrs. Edna Trower, aunts of the bride-elect.

Games were played during the party and prizes were awarded to each guest.

Those attending were Mrs. Robert Voss, mother of the bride-to-be; Mrs. Ray Ashcraft, mother of the prospective groom; and Mesdames Charles Voss Sr., A. Y. Slate Sr., Eldon Voss, Truxton Allen, Glen Beasley, Irvin Pyllanski and Misses Dawn Voss, Becca Ashcraft and Patti Voss.

The wedding of Miss Voss and Robert Ashcraft will take place on June 1 at the Niedringhaus United Methodist Church.

Former resident speaks in Dallas

Mrs. Elma M. Hoover, 2503 Iowa St., has returned from the 48th annual conference of the South-Central Region of the Soroptimist International held in Dallas, Tex.

The speaker at the installation banquet was Mrs. Paul (Helen Gross) Parmley, religious editor of the Dallas Morning News. Both Mrs. Parmley and her husband graduated from Granite City High School and have relatives and friends in the Quad-City area.

Other members of the Metro-East Soroptimist Club attending the convention were Mrs. Paul Stratton of Caseyville, president; Mrs. Roscoe Smith, president-elect; Mrs. Edwin Price, vice-president elect; Mrs. Robert Matthews and Miss Lila Garcia, all of Belleville. Mrs. Matthews, Miss Garcia and Mrs. Hoover are past presidents of the club. Mrs. Matthews was elected director of District I, an area involving 25 clubs in northern Kansas, Missouri and a portion of Illinois. She will represent the local group at the national federation's convention in Portland, Ore., in July.

The club will next meet May 20 at the Holiday Inn, Collinsville, when the past presidents will be honored.

Gordon Quinns name first child Derek

Army Specialist Five and Mrs. Gordon L. Quinn of Aberdeen, Md., formerly of Granite City, became the parents of their first child, a son, born May 1 at the Aberdeen Proving Grounds Base Hospital.

The infant weighed eight pounds, one ounce and has been named Derek Newell. The mother is the former Miss Kathryn Lynn Darner, a daughter of Mr. and Mrs. Leslie Darner of Edwardsville, former Granite City residents. The paternal grandparents are Mr. and Mrs. Harold Quinn, 1540 Joy Ave.

Spec. 5 Quinn was graduated in 1968 from Granite City High School, where he won many wrestling honors, and in 1971 from Rankin Technical School. He joined the U.S. Army the same year and served two years in Germany. For the past 15 weeks, the serviceman has been undergoing special training at Aberdeen, Md., and soon will be reassigned to Fort Lewis, Wash., his parents advised.

Baton Twirlers win 40 trophies

Louie Bellson here Wednesday

Louie Bellson, internationally acclaimed drummer, will appear in person from 4 to 5:30 p.m. Wednesday at John Fornaszewski Music Store, 3009 Nameoki Road, it was announced today.

The public is invited to meet the renowned drum artist, who will autograph recordings and talk with fans, according to Fornaszewski.

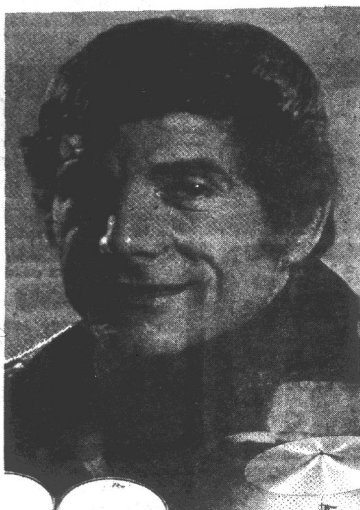

Bellson is musical conductor of the Pearl Bailey Show which opens a five-night run Monday at the American Theatre, St. Louis.

He is a regular drummer with network television staff bands, appearing most frequently as star drummer on the Johnny Carson Tonight Show.

Bellson also is active in the field of music education and several high school music groups are expected to greet the musician, the local music store owner said.

His background in the profession is extensive, having performed with many "big bands," including Duke Ellington, Count Basie, Buddy Rich and Jimmy and Tommy Dorsey.

Bellson is a native of Rock Falls, Ill., but now makes his home in Los Angeles.

Sisters honor

Miss Deatherage

Miss Mary Lou Deatherage was guest of honor at a wedding shower given this week by her sisters, Miss Stephanie Deatherage and Miss Karen Deatherage, at the latter's home in St. Louis County.

Guests attending the afternoon party were: Frank McLaughlin, Ruby Meyer, Priscilla Young, Susan Wiley, Vera Harmon, Frances Harmon, Reida Ditty, Josephine Mitchell, Hazel Lombardo, Dorothy Mitchell, Jean Holder, Jerry Walsh, B. C. Buckner, Betty McKinnon and Florence Deatherage.

Miss Deatherage will be married on May 25 at the Mitchell United Presbyterian Church.

Pre-wedding party

honors Miss Reeves

A personal pre-wedding shower was given for Miss Betty Reeves this week at the East Side Levee Board office by Mrs. Kathy Kries, who used yellow decorations for the table appointments.

The bride-elect will be married Saturday to Michael Jeffries.

Various games were played during the afternoon party and several prizes were awarded to the winners.

Those present were: Mesdames Lois Henke, Marilyn Wiseman, Eileen Reeves, Nancy Kries, Von Reeves, Joann Stalling and daughters, Denise and Paula, Maggie Harvey, Alice Jeffries and Judy Berquette.

CMC is repeating a big

PIONEER® Sale!

Thru
Saturday
only!

For a second week we will repeat our offer of the BEST-SELLING
stereo receivers in America at our LOWEST PRICES ever....

...save on 3 great receivers....

PIONEER SX-424.... save \$50

The SX-424 is the single best-selling receiver in the U.S. today. Pioneer has balanced good FM tuner specifications with an equally good amplifier resulting in a comprehensive quality performance. Connections for turntable, tape recorder, microphone, and 2 sets of speakers (for stereo in that other room). Was a good buy at \$199.95. Now get Pioneer quality for just \$149.95.

\$149.95

PIONEER SX-525.... save \$70

The SX-525 has enough power to drive almost any speaker on the market. This AM/FM receiver combines fine response and sensitivity for excellent FM performance and offers a full choice of program sources, including 2 turntables, 2 tape decks (real-to-real or cassette), an auxiliary sound source as well as microphone. We sold hundreds at \$259.95. Now just \$189.95.

\$189.95

PIONEER SX-626.... save \$100

The SX-626, with the best frequency response of any receiver we offer under \$500, reproduces music with remarkable accuracy. With 64 watts RMS output (110 watts HF), it's designed to power any speaker on the market today. This versatile receiver, which allows for simultaneous connection of 2 turntables, 2 tape decks, up to 3 pairs of speaker systems plus a microphone and auxiliary stereo source, was \$399.95. Now you can get all these Pioneer features and quality for just \$299.95!

\$299.95

Outdoor wrestling — 'rain or shine'

Southern Illinois University at Edwardsville will be the site of a unique wrestling tournament for high school athletes Saturday, June 8.

What makes the tournament different is that it will be held outdoors, regardless of weather. SIUE wrestling coach Larry Kristoff, named NCAA Division Two "coach of the year" in March, will host the second annual tournament, the Mississippi Outdoor Open.

Competition will be held under international freestyle rules in the following weight classes: 105½, 114½, 123, 132, 143, 154, 165, 178, 191½ and unlimited. Each match will consist of two two-minute periods with a 30-second rest between periods.

Awards will be given to the top three wrestlers in each class and to the tournament's outstanding wrestler.

Weight-ins will be held from 8 to 9 a.m. June 8, with competition to begin at 10 a.m. Matches will be held on the SIUE soccer field. A clinic covering international rules will be given at 7 p.m. Friday, June 7, on the soccer field.

Any current high school student and 1974 graduates of any U.S. high school are eligible to enter. Entrants must hold a current United States Wrestling Federation card. Registration fee is \$1.

Although registration will be held from 7 to 9 a.m. June 8, Coach Kristoff urges all participants to register early by mail.

Entrants are to enclose a check for \$1 along with name, address, home phone, high school and weight class, and mail to: Larry Kristoff, Athletic Dept., Northern Illinois University, Edwardsville, Ill. 62025.

MISS DONNA RAYE WILSON, who will become the bride of Robert E. James on June 22 at St. Joseph Catholic Church. Their engagement is being announced by her parents, Mr. and Mrs. Darrel O. Smith of Granite City.

James-Wilson betrothal told

Plans for a June wedding were disclosed with the announcement of the engagement of Miss Donna Raye Wilson and Robert E. James made by the bride-elect's parents, Mr. and Mrs. Darrel O. Smith, Rural Route One, Granite City. A 1973 graduate of Granite City High School, Miss Wilson is now employed as a clerk at Southeastern Bell Telephone in Tallahassee, Fla. She will enter

Florida State University School of Nursing in the fall. Her fiancé is the son of Mr. and Mrs. E. N. James, 703 Outer Drive, Milton, Fla. The prospective groom is a graduate of Milton High School and presently is a junior student at Florida State University, Tallahassee, where he is a member of the track team. The engaged couple will be married on June 22 at St. Joseph Catholic Church in Granite City.

Lutheran support rally set

A Synodical Support Rally for The Lutheran Church-Missouri Synod will take place at Litchfield High School Wednesday, beginning at 8 p.m. All interested persons have been urged to attend.

Speakers for this second rally sponsored by Concerned Lutheran Lay People of Southern Illinois, will include Dr. J.A.D. Preus, president of the 2.7 million member church body, with headquarters in St. Louis; Dr. Walter A. Maier Jr., fourth vice-president of the LCMS, and a professor at Concordia Theological Seminary, Springfield, Ill.; the Rev. Otto C. Hintze, also of Springfield, who is a member of the church's Board for Missions; and Charles H. Burmeister, a businessman who is a member of the Board of Control of Concordia Seminary, St. Louis.

The purpose of the Litchfield rally is to show support for the position of the administration of the Missouri Synod, its Missions Board, and the Concordia-St.

Louis Board of Control and faculty. For some time, differences of opinion regarding the inerrancy of Scripture have caused a widening rift in the Missouri Synod. The controversy has centered around the teachings of professors at Concordia Seminary-St. Louis, and has spread to the Mission area, with the board and its staff in disagreements over policy and administration.

Complicating the situation is the fact that liberal professors at Concordia-St. Louis, left the campus in February to set up their own seminary, calling it "Semineux." Last month, six members of the Mission staff resigned in protest of board action.

Traditionally, the LCMS policy toward Scripture has been to uphold its total inerrancy.

The first Synodical Support Rally of the Southern Illinois District was held in Belleville in April, with nearly 2,000 persons attending.

Miss Tucker to wed Wayne Davis

Mr. and Mrs. Melvin Tucker, Rural Route One, Columbia, Ill., are announcing the engagement of their daughter, Miss Pamela Tucker, to Wayne Davis.

The bride-elect, a senior student at Columbia High School, is employed at Columbia Sewing Co. Her fiancé, a son of Mr. and Mrs. Oliver Davis, 517 English Place, Mitchell, is working at Granite City Steel Co. He was graduated in 1971 from Granite City High School. Wedding plans are indefinite at the present time.

Mothers of cubs receiving Bear and Wolf badges were presented miniature pins to match. "Glory, Glory, Halleluiah" was the closing song and refreshments were served by Den 3 mothers.

Others attending the meeting were Mrs. Joanne Steffens, Mrs. Edna Kitzman, Mrs. Judy Hargrove, Mr. and Mrs. Louis Lee, Mary and Randy Combs, Mr. and Mrs. Dennis Ragsdale, Mrs. Gary Miller, Mrs. John Powers, Mrs. Rose Lash, Robert Filer, Mr. and Mrs. Richard Johnston, Mrs. Joe Johns, Amelia Simpson, Mrs. Hilda Barnes, Mrs. Candler, Mrs. Celia Hankins, Mrs. Rowland, Mrs. Roberta Basden, Mr. and Mrs. Robert Niesporek, Mrs. June Evans, Mr. and Mrs. Don Santarini and Roland Douglas.

BETROTHED. Miss Pamela Tucker, whose engagement to Wayne Davis is being announced by her parents, Mr. and Mrs. Melvin Tucker of Columbia, Ill.

MR. AND MRS. DENNIS P. TINSLEY, who were married May 4 by the Rev. Lee R. Johnson. The bride is the former Susan E. Thomas, a daughter of Mrs. Lois F. Sawyer of Chesapeake, Va., and James C. Thomas, 2816 Emzée Ave. The groom's parents are Mr. and Mrs. Malin Tinsley, 2703 Roosevelt Ave.

Mother, son are honorees

A party for relatives and close friends, honoring Mrs. Mildred Joyce and her son, Dennis, was given during the weekend following their baptism, confirmation and first holy communion at a special mass conducted at St. Margaret Mary Church by the Rev. Robert Becker.

Those attending the celebration was Craig and Cheri Morley, Mrs. Selma Hoefler, Miss Heidi Weiss, all of Collinsville; Mrs. Georgia Ayres of Belleville; Mrs. Barbara Dombrosky, Miss Carol Dombrosky, Tom Block, John McCard, Mrs. Laverne Black, Mrs. Dolores Stalecker and daughter, Donna, Mr. and Mrs. Ed Vaughn, Mrs. Johanna Kacera and daughter, Debbie, Mrs. Mary Alice Staggs and Mr. and Mrs. Gene Joyce, all of Granite City; Mr. and Mrs. George Tompkins, Mrs. Theresa Brzostowski, Mrs. Mary Bridick, Mrs. Helen Ann McCarrahan of Madison. During the evening, a congratulatory call was received from Mr. and Mrs. William Morley of Rochester, Mass.

Recipe book announced at gathering in Korea

Word was received this week from Seoul, Korea, of the publishing of a cookbook of recipes of the late Lee Wade, wife of James Wade, formerly of Granite City.

Wade, an author and composer who has been living in Korea for the past 14 years, is the son of Mr. and Mrs. E. J. Wade, 2519 Madison Ave. A tea was given at the Eighth Army Yonsan Main Library on April 27 to launch the publishing of the book. Mrs. Lee Wade had been an employee of the Special Services Library for almost ten years prior to her death in January 1973.

The book features a detailed chart of culinary ingredients and materials identified by illustrations and parallel names in both English and Korean. All proceeds from sale of the book will be donated to the

PLASITEX ROOFING

☆ **REPAIRS** ☆
Colored Elastomeric Plastitex fills small cracks and nail holes, adheres tightly to the roof... bonds roofing granules, ties down shingles and at the same time, gives a beautiful new look.

☆ **INSULATES** ☆
The Plastitex coating forms a reflective Elastomeric shield over the entire roof. This helps keep interior cooler in summer, warms up in winter... lowers air conditioning and heating costs. Remains pliable.

☆ **PRESERVES** ☆
Moisture doesn't get through, so there's no deterioration of the roofing material. The coating resists the harmful effects of smoke, fumes, salt air, hail and general weathering. Rejuvenated roofs gain additional years of life with less maintenance.

☆ **SAVES** ☆
One coat of Colored Plastitex Elastomeric can save the owner many dollars. It can also eliminate the cost of repair and replacement of building materials, yet extend the useful life of all types of structures.

☆ **DECORATES** ☆
Attractive colored Plastitex finish gives uniform appearance to old, patched surfaces... and adds beauty and new life to dull, weathered roofs.

Birthday party for Terri Doty

Terri Doty, daughter of Mr. and Mrs. Larry Doty, 45 Terrace Lane, celebrated her seventh birthday during the weekend with a trip to Six Flags Over Mid-America and a party. A birthday supper was served at the home of the honoree's grandparents, Mr. and Mrs. Kirby Favier, 6 Nassau St. After the gifts were opened, cake and homemade ice cream were enjoyed.

Among the guests were the honoree's parents; Mrs. Elaine Favier, Mr. and Mrs. Herschel Cassy and Mr. and Mrs. Charles Schenkel; the latter couple from St. Charles, Mo.

Circle reviews convention plans

Our Lady of Fatima Circle 853, Daughters of Isabella, held its May meeting at the Knights of Columbus Hall and discussed plans for the national and state conventions.

Mrs. Mary Horvat, chancellor, led the opening prayer and Mrs. Marionrose Lambert, regent, presided.

Mrs. Peggy Czakoch said 13 members met earlier at her home to prepare floral table decorations to be used at the state convention in Springfield, May 17-19.

Further information regarding the national convention, set Aug. 12-16 in Boston, Mass., was received from Supreme Regent Marie Meyer and discussed.

The charter was draped in memory of the late Mrs. Elvira Bertacchi. The pledge of allegiance was recited in unison and special recognition was accorded to the first American-born saint, Elizabeth Seton.

Reports on the April meeting and guest night were given by Mrs. Pauline Meszaros, Mrs. Anne Pare and Miss Juliana Hodebeck and Miss Dorothy Hodebeck, chairman of the ways and means committee, reviewed events planned for the year.

Celebrating May birthdays were Mrs. Clara Schilling and Mrs. Fran Gruber. Refreshments were served to 30 members by Mrs. Schilling and Mrs. Grace Range, assisted by Mesdames Veronica Wagner, Agnes Schwarzkopf, Ann Gulash, Betty Haug, Rose Griffin, Helen DeLuntz, Lambert, Mary Ann Petrunich and Katherine Jenkins.

Peace Circle plans dinner

Final plans for a mother-daughter banquet to be held Tuesday were discussed at a meeting of Peace Circle of Nidderhous United Methodist Church.

Members met in the home of Mrs. Edna Lynn who served a dessert luncheon prior to the business session.

Mrs. Emma Schoen, circle leader, gave a detailed report of an executive board meeting and plans for new projects to be started within the next few weeks also were discussed.

The lesson was given by Miss Mabel Stewart on the topic "Old Anna's Eyes Saw the Glory," the story of the first time Mary and Joseph took infant Jesus to the temple.

The June meeting will be held in the home of Mrs. Schoen, 1828 Ferguson Ave.

Patience Circle hosted at lunch

Members of Patience Circle of the Nidderhous United Methodist Church were hosted at a dessert luncheon Thursday at the home of Mrs. Mildred Carper, 2673 Center St. Readings in observance of Mother's Day were given by Mrs. Eulia Myers who also presented a corsage to Esther Langolf.

Presiding over the meeting was Ethel Lerch who reminded the group of the Mother's Day banquet to be held at the church May 14 at 6:30 p.m. Other discussions involved nomination of Circle leaders, and cooking and bazaar recommendations.

Those served included Leona Cartwright, Alice Cruse, Goldie Grevelle, Esther Langolf, Olivia Lehman, Ethel Lerch, Woodie Lynn, Clara Sossoroff, Eulia Myers, Elsa Miller and a guest, Mrs. Bonnie Weider.

The meeting was adjourned by prayer by Mrs. Lynn. The next meeting will be the last of the season and will be held during June at a restaurant yet to be announced.

Tapes show 'law and order' leader's casual attitude on lawbreaking

Comment by Wall Street Journal—On the presidential tapes, it helps to separate two questions: the general propriety of the conversations, and evidence of impeachable offenses.

Today we would like to lay aside impeachment and other legal issues, and simply address what the conversations tell us about Richard Nixon, his administration and American politics.

Having said so many times over the last year that even without a case for impeachment Watergate will have done enormous harm to the American Republic, we can scarcely disagree with the widespread conclusion that the tapes reveal a flawed mentality.

If the case for criminal complicity does fail, for that matter, it will be only on the narrowest of grounds.

The President's attorney will be arguing: Yes, the President talked about paying blackmail, yes his words say several times he thought paying the money was the only immediate answer, yes someone might

construe that as approval, but no that isn't what he meant, and no his words were not directly connected to the actual payoffs.

Even if all this is true, what a defense for a President of the United States to offer!

More broadly, the tapes reveal a whole litany of presidential failings: A casual attitude toward lawbreaking by his subordinates. In particular a casual attitude toward perjury, indeed remarks that some lawyers construe as subornation of perjury.

A reach for public deception, in particular a willingness to invoke national security and executive privilege for expedient reasons.

A disinclination to probe and question his top subordinates on such questions as moving about large monies or "deep sixing" documents.

And above all, a general disposition to concentrate almost entirely on the question, what can we get away with? At the expense of the question—What would be right?

Some things can of course be said in exoneration. The

President apparently didn't know much before March 21, and part of his reaction was perhaps confusion.

The President is not a district attorney, and at least up to a point is entitled to assume up to a point that prosecutors will do their job without his help on each fact.

There are points, as in sending a message to John Mitchell not to refuse testimony to protect the President, at which he shows a concern with getting

the story to law-enforcement authorities.

Yet even on a sympathetic reading, the record must be that, faced with a mounting crisis, Mr. Nixon reacted deplorably.

He was willing to consider patently wrong courses of action.

He was willing to trip along, and even conceivably over, the line of outright illegality.

He coupled any moves to expose crimes with moves to

limit and contain the exposures. And he chose and protected all of the aides whose personalities are so brutally revealed in these conversations.

A preoccupation with image rather than reality is the characteristic that runs through both the conversations and the faults they reveal.

In conversation after conversation, it becomes impossible to tell whether the participants are trying to recall events or concoct a story.

One gets the feeling they did not distinguish between the two in their own minds, that to them there was no reality, only the image they could paint.

And always there was a concern not with the meaning of events but with their "PR."

When in a conversation with Assistant Attorney General Henry Petersen it became apparent that eventually Mr. Haldeman and Mr. Ehrlichman would have to go, the questions on the President's mind were: Can one go without the other?

Should it be before the Magruder testimony or after? Should it be before Dean goes or after?

We come back to a point we have made many times: The inhospitality of the Nixon White House to men of vision, intellect or stature.

It is quite impossible to imagine these conversations going on as they did if they had included, to pick two men no longer in the White House at the time, Arthur Burns or Daniel P. Moynihan.

To understand why such men were so few there, observe that Leonard Garment, who did see the extent of the danger the moment he learned of it, was treated as an object of faint ridicule.

This is ultimately the President's failing.

He has accomplished much and promised more, but he filled his inner world with imaginary men.

Empty men committed the type of blunder you would expect of them, and the President himself proved too empty to limit the damage.

For this he has paid with his reputation and may yet pay with his job. And to the office and nation he sought to protect and restore, his legacy is further grief and further cynicism.

Urban housing conference

A national conference which will explore the operation of housing markets in older urban regions will be held June 6 and 7 at Southern Illinois University in Edwardsville.

Sponsored by the SIVE Center for Urban and Environmental Research and the department of economics of the SIVE School of Business, the conference will deal with "the politics" of urban housing and will seek to promote the formulation of effective housing policies, according to Eleanor Ellis, a CUERS staff assistant and conference coordinator.

The conference will be the first of a two-part seminar series, with the second half scheduled for late fall or winter, 1975. At that time, the emphasis will be on "the economics" of urban housing. The June seminar will feature four panel discussions on the subjects: "An Overview of the Politics of Housing in Older Urban Areas: Who Gets What, When and How?"; "The Impact of Insufficient Income, Race and Old Age on Housing Delivery: Problems of Inner City Populations"; "The Middlemen in the Housing Delivery System: How Are They Performing and for Whom?"; and "Future Directions in Housing Policy: Who Stands to Benefit?"

Principal speakers and participants will include: Philip Thigpen, vice-president and director of urban housing, Leon N. Weiner and Associates, Wilmington, Del.; Ira Ehrlich, associate professor of the School of Social Service and director of the Institute of Applied Gerontology, St. Louis University; S. Jerome Pratter, principal, Team Four, Inc., St. Louis; Brian Boyer, author of "Cities Destroyed for Cash: the FHA Scandal at HUD"; Charles Liebert, housing developer and former director of the St. Louis Land Clearance Authority; James Murray, vice-president and general counsel, Federal National Mortgage Association; Charles Edson, housing attorney and editor of "The Housing and Development Reporter"; and James Zais, housing analyst, The Urban Institute, Washington, D.C. SIVE participants will include Robert Mendelson, assistant professor of planning and a research associate with

CUERS: Michael Quinn, assistant professor of government and public affairs and a CUERS research associate; Jane Altes, director of CUERS; Jerome Hollenhorst, chairman of the department of economics; and Andrew Kochman, vice-president and provost.

Mendelson said the conference will seek the answers to "several significant questions," including:

"Does our production-oriented housing delivery system primarily benefit upper-income groups and middlemen at the expense of those of modest means?"

"Are investors, developers, mortgage bankers and other intermediaries earning profits out of proportion to their contribution to the production of decent housing?"

"Are scapegoating and rhetoric essential aspects of housing politics? Do they obscure important issues and undermine solutions?"

"Will future direction in housing policy, such as leased public housing, provide benefits to those in need and result in

greater conservation of existing structures?"

The seminar sessions are scheduled in the SIVE University Center. A banquet on Thursday evening, June 6, will be held at the Holiday Inn near Edwardsville.

Persons wishing to register or desiring information about the seminar may contact Mrs. Ellis at CUERS or the SIVE Office of Conferences and Institutes.

Rites today for Mrs. Helen Moss

Funeral services were held at 10 a.m. today at a Granite City funeral home for Mrs. Helen Lena Moss, 79, of 701 Rose St., Collinsville, formerly of Granite City. Burial was in Sunset Hill Cemetery, Edwardsville.

She died at 12:10 p.m. Sunday while visiting a grandson, Larry Molique in Hominy, Okla.

50 attend assembly at Sparta

About 50 Jehovah's Witnesses of the Granite City congregation have returned from Sparta, Ill., where they met in assembly at the Sparta High School.

John Camp, presiding overseer of the Granite City congregation, remarked of the success of the assembly and said that 49 persons were happy Sunday morning, including some from here.

Sunday also was the day of peak attendance, as 2,131 gathered to hear the main address of the assembly, "Be Confident of Divine Victory."

The speaker was John W. Stuefelen, district overseer of Jehovah's Witnesses in Kentucky, Tennessee, Missouri, Indiana, Ohio, Arkansas and Illinois.

Stuefelen said that many may not really know what the term "divine victory" means. He contrasted warfare of

Business Women to install Miss Smith

Miss Annellen Smith, a lead systems analyst for the U.S. Automated Logistics Management Systems Agency (ALMSA), St. Louis, will be installed as president of the Granite City Business and Professional Women's Club at a 7 p.m. banquet Wednesday at the Holiday Inn-East, Collinsville. She succeeds Mrs. Lil Marzluft in office.

Miss Smith has been a member of the local BPW club since 1967. She has served as president-elect, a member of the board of directors, chairman of the Personal Development and Foundation committees and was responsible for establishing the Verna Lengyel Scholarship Award, a grant bestowed annually upon a club member who is advancing her career through education.

The new club president also has served as Civic Participation chairman and has taken an active role in club projects to benefit the Salvation Army's Christmas fund, Cancer Crusade, and Heart Fund drive, among other things.

As an ALMSA employee, Miss Smith works in the Financial Management Systems division and is responsible for the interface between the logistics and financial management systems.

She presently is serving on an Army Material Command (AMC) study team which is reviewing the current operating systems for simplification.

Miss Smith began her federal government service at the Granite City Army

New group urges Waterloo airport, wider range of Lambert flights

A major effort to build support for construction of a new international airport to serve metropolitan St. Louis was announced Tuesday at a news conference held in "neutral" territory—the middle of the Mississippi River on the border between Illinois and Missouri.

The conference, held aboard the sightseeing boat Samuel Clemens in mid-stream, announced formation of a new joint effort to be called Impact—an acronym for Illinois-Missouri Progressive Airport Creation Taskforce.

A board of directors consisting of an equal number of members from each state outlined the goals of Impact.

In their announcement, the board members said: "Now that the Secretary of Transportation and the Federal Aviation Administration have established specific limits for the master plan studies for Lambert-St. Louis International Airport—studies our group fully supports—it is all the more apparent that the ultimate life of Lambert Field as the area's primary airport is limited."

"It is apparent that a second, major airport will be required to supplement Lambert if we are to meet the growing passenger and air freight needs of the St. Louis metropolitan area."

"All previous studies have clearly shown that the only suitable and available site for a second airport for greater St. Louis is at Columbia-Waterloo, Ill."

"All necessary studies and applications for federal matching grants—to supplement money already available from Illinois transportation bonds—have been submitted in behalf of the Columbia-Waterloo site and have been studied extensively by appropriate federal government agencies."

"Our group has been formed to help make certain that no further delays are created now that Lambert Field studies have been authorized by federal officials, in order that land acquisition for the new airport can begin promptly and that development plans can be initiated."

"If this procedure is followed, the new airport will be fully operational at the time Lambert reaches its saturation point."

"Our group fully endorses the current improvement programs at Lambert because we recognize that other cities which recently have built major airports, including Houston, Dallas-Fort Worth and Kansas City, have taken as long as ten years to complete their new facilities."

"We also support those improvement programs because the St. Louis area must have facilities as adequate as possible to handle air traffic until a new field can be opened to supplement Lambert."

"Our group also intends to work for improved air service to meet the passenger and freight needs of the region."

"We will seek a wider range of domestic and international flights from Lambert Field, building a base for the greatly increased service which can be expected when the second airport is completed."

"The purpose of Impact is to support the wise and efficient use of Lambert Field while proceeding with development of the new airport at Columbia-Waterloo to meet the region's long-term needs."

"In support of this policy, Impact will bring to the attention of all concerned persons, groups and agencies the factual information which will enable objective determinations to be made."

"We have reviewed the many studies of our region's airport needs. We believe they point in an unmistakable direction."

"We intend to place the facts before the public to help gain greater understanding of the importance and the benefits of the new airport to the entire region as the area goes about the job of building for the future."

"If greater St. Louis is to realize its full economic potential, we can no longer be satisfied with the status quo."

"If the area is to progress and grow, we must expand in many ways, including the improvement of all our surface and air transportation capabilities."

"Many cities throughout the world are looking in vain for suitable, reasonably close sites for new airports. Almost alone in the world, St. Louis has an unexcelled conveniently located site."

"The site is available and it meets all aeronautical, environmental and air-space requirements. We must not permit this once-in-a-century opportunity to be lost for future generations of Illinoisans and Missourians."

Members of the board of directors of Impact are: Wayne Barber Jr., executive director, Southern Illinois Builders Association; James E. Williams Sr., mayor, City of East St. Louis; Alfred N. Young, member, St. Clair County Board; supervisor, Stookey Township; and president of the Southwestern Illinois Metropolitan Area Planning Commission.

From Missouri: Paul B. Akin, president, Laclede Steel Company.

Vincent J. Bommarito, president, Tony's Restaurant, Inc.

Ernest Calloway, assistant professor of urban affairs, St. Louis University; former associate research director of the Central Conference of Teaching Ministers.

Malcolm W. Martin, attorney.

Meade M. McCain Jr., president, Swage Shoe Co.

Norman Prostein, president, Bel Air Motel Hotels.

Roland W. Richards, retired, Dr. Richard A. Sutter, president, Sutter Clinic, Inc.

Clarence M. Turley Jr., partner, Turley Martin Company.

May is National Cat and Kitten Month and the Quad-City Association for Protection of Animals (APA) will feature several small and full-grown felines at its adoption center.

Saturday from 10 a.m. until 4 p.m. at Grant City store in Nameoki Village Shopping Center.

Mrs. Aline Haldeman, APA adoption clinic chairman, said the humane group's "Pet of the Month" for May should more appropriately be called "pets," as a litter of five tiger-striped yellow kittens is being featured.

A nominal adoption fee will be charged those accepting animals to help the non-profit organization operate its humane shelter facility at the Granite City Army Installation and provide initial immunization shots for the dogs and cats left in its care.

Cats and kittens of all varieties will be offered for adoption at Saturday's clinic, Mrs. Haldeman said, including a full-blooded sealpoint Siamese female, a half Persian silver grey female and three "lively long-haired beauties which are charcoal grey and white."

A full-grown small white Spitz with "good" watchdog qualities and two or three puppies also will be available, the chairman added.

"Our tiger-striped kittens were rescued from a basement beneath a downtown Granite City store," Mrs. Haldeman explained. She said the tiny felines were discovered when work was being done in the basement, including hearing up openings through which the mother cat apparently visited her brood.

The mother is a homeless, yellow tiger cat glimpsed frequently in recent months in the vicinity of 19th Street, it was learned.

"When she no longer had access to the kittens and then failed to return, store personnel placed the litter outside the store in a box attached with a sign offering them free to passersby," Mrs. Haldeman said.

"No one took up the offer, but a shopper seeing the kittens placed the APA and asked if she would take the brood," she explained. She said the kittens now are about six weeks old and appear healthy and "full of life."

Members of the Student APA Branch will assist at Saturday's adoption center.

The center will be located outside the main entrance to the Grant City department store in space donated by the firm as a civic project, Mrs. Haldeman said.

State seminar on campaigns

The Illinois State Chamber of Commerce will sponsor a bipartisan state legislative campaign management seminar Friday, May 17, in the St. Nicholas Hotel, Springfield.

The one-day course in political campaign management will be conducted by a faculty of nationally-known campaign consultants, George Young and Associates, Inc., Los Angeles.

The course will cover campaign strategy; planning and timing; budgeting; publicity and advertising; and survey research. Invited to participate are state legislative candidates, their campaign managers and finance chairmen, and others interested in campaign management.

Tourist mecca—Illinois

By MARY LOU MANNING
Press-Record
Springfield Bureau

"This is the place that lets you be you, any way you want to be."

Your own backyard? That's close.

It's Illinois we're talking about and it is practically in your own backyard.

To let Illinoisans in on the "in" places to see in Illinois this vacation season, the Division of Tourism has published a 16-page brochure entitled simply, "Illinois."

"This particular brochure is designed to illustrate the diversity of Illinois," explained Michael Linderman, director of the division. "We are interested in showing prospective visitors that Illinois has everything from Chicago nightlife to a 240,000-acre national forest in Southern Illinois."

Packed with more than 70 color photographs, the brochure is divided into geographic sections which include the Southern, Central, Western and Northern areas of Illinois as well as metropolitan Chicago. It also has a section devoted to special events.

Southern Illinois, more locally known as "Little Egypt," is the home of such historic sites as Fort Kaskaskia, Fort Massac and Vandalia.

Shawnee National Forest, located in the southernmost part of the state, covers 240,000 acres, and the area's newest friend, Rend Lake, is a 19,000-acre haven for water enthusiasts.

Although the Central region has always been dubbed "Land of Lincoln," there's more to see than the renowned Lincoln home and tomb, the Old Capitol and the authentically reproduced pioneer village of New Salem.

For instance, there's the Amish country in and around Arthur and Arcola. And the Assembly Hall on the campus of the University of Illinois at Champaign-Urbana. Or the mansion built by Lincoln's friend, David Davis, in Bloomington.

Moving westward, the pastured hills and valleys of the towns of the Plains State take on an aura of perpetual Indian summer.

Tiny Nauvoo was once a thriving Mormon community; old shops, homes and inns are still in operation.

Near Bishop Hill, some of the people have retained their native Swedish language while 22 buildings of the original community still stand on the hill.

Large glaciers were responsible for the many lakes dotting Northern Illinois. However, one chunk remained unscathed and was once a booming mining town. Galena, as it was named, is still a sleepy little town lined with elegant old 19th century homes and antique shops.

Chicago is Chicago and the tourist sites run the gamut from theaters to museums to shopping centers to the Brookfield Zoo.

"In view of the availability and high price of fuel," the tourism director said, "we think people in Illinois will start looking closer to home for weekend and vacation spots."

Copies of the new brochure may be obtained from the Division of Tourism, 222 South College, Springfield, 62766.

\$1,050 THEFT

A briefcase containing \$1,000 in business receipts, a \$50 tape player and a suitcase containing clothing were stolen from the cab of the truck of David Lewis, South Point, Ohio, parked at 16th and State streets, he reported at 4:40 p.m. Monday. The suitcase later was found in an empty trailer nearby.

Lack of tax extension inconvenient but Long Lake fire service will continue

Failure to extend a tax rate for the Long Lake fire protection district is a matter of serious concern because of the large area of Nameoki Township relying on the Long Lake volunteer department for firefighting. Fortunately, the emergency financial planning that has been devised will permit service to continue without interruption.

Property taxes will be artificially low, relatively speaking, this summer and then artificially

higher for the next several years in the area that is within the district (unless there is a reversal from a proposed mandamus suit).

The lack of a tax extension is an inconvenience, and there will be added cost in meeting interest payments on proposed tax anticipation warrants. But the paramount issue, adequate protection from fires, will not be endangered.

'Family spirit' adds to effectiveness of the Venice city administration

The Venice City Council plaque dedicating the expanded and remodeled Venice City Hall to the late Mayor John E. Lee Jr. eloquently summarizes the high regard in which he was held by associates and fellow citizens.

"A man who dedicated himself and motivated to help us grow as individuals and as a city; and who created a family spirit by teaching us to care for and share with each other."

The occasion serves as an appropriate springboard for the start of the new administration, which in-

cludes William M. Ebersoldt as mayor, Lloyd H. Patterson as city clerk and Henry Baucum as city treasurer. Aldermen are Thomas Voegelge, Harry Buente, Hank Svezie, John Mangiaracino, Oscar King, John Ervin, Tyrone Echols and Louis Ratliff.

The improved City Hall is one of a number of accomplishments achieved during the 17-year Lee administration. The progressive pattern appears certain to continue under the leadership of the capable and conscientious 1974 official family.

National recognition for safety record of M. C. Slater trucking company

Congratulations are in order for the national recognition accorded the locally-based M. C. Slater, Inc., firm last week at the ninth annual Steel Carriers Conference-American Trucking Associations convention, held at the Lake of the Ozarks.

Participants in the conference included George Stafford, chairman of the Interstate Commerce Commission. Top honors in yearly safety competition went to the Slater company in the under-six-million-mile category.

Equal treatment for all jobless

By RICHARD F. SCHUBERT
Under Secretary of Labor

I favor equal treatment of all unemployed workers and oppose plans to extend benefits only for those whose joblessness is caused by energy shortages.

A man or woman who becomes unemployed is just as unemployed whether the reason is a shortage of oil or a shortage of customers.

Extended unemployment compensation for energy-related jobless was included in an Energy Bill vetoed by President Nixon. This provision would have been an administrative nightmare.

An energy-related layoff has its effect on suppliers in the manufacturing and on those who provide services in the community where the layoff occurs, as well as on the manufacturer's own employees.

There's no logical or fair way to draw a line and say: "This is the effect of energy shortages. On this side of the line the layoffs are energy-related; on that side, they are not."

The Administration's proposed Job Security Assistance Act would provide extended benefits to workers in areas of high unemployment, regardless of whether their joblessness was attributed to energy shortages or not.

There are other basic developments in which the Labor Department is involved. The Occupational Safety and Health Act was in effect three years as of April 28. During that time, more than 100 bills to amend the Act have been introduced in Congress, many to weaken it and several to repeal it, and all are failed.

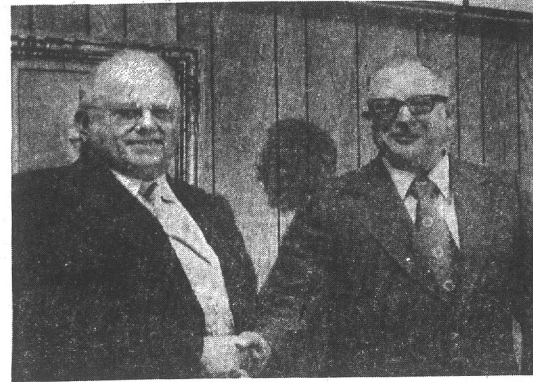

I applaud President Nixon's action in signing the Fair Labor

Standards Act amendments of 1974, which raise the federal minimum wage in stages to \$2.30 an hour by 1976 and extend coverage of the Act to 7.4 million more workers.

The Labor Department is in the process of issuing detailed regulations governing enforcement of Section 603 of the Rehabilitation Act of 1973, which requires any federal contract over \$2,500 to have an affirmative action provision for employment of the handicapped.

Pension reform bills now before a conference committee in Congress involve several trade-offs, including compromise on vesting and funding requirements and termination insurance.

However, nothing in law now, and nothing in the new legislation, requires employers to offer pension plans.

VENICE MAYOR William M. Ebersoldt (left) being congratulated at his inauguration by City Clerk Lloyd H. Patterson.

Continue cities' humane dog pounds

To the Editor:

Some dog owners may find relief from the double fees they must pay due to the new \$4 dog registration fee owed to Madison County.

Alton's county board members, William Little, Ed Vonnard, Frances Roberts and Margaret May, favor allowing any resident of certain municipalities to deduct from his city dog license fee \$2 or half the fee paid to the county.

Municipalities that do not qualify initially could benefit in the future.

Presently, "the county is compelled by the state to set aside a third of each fee to pay claims for livestock and poultry damage."

After claims are paid, money from that fund as well as the remaining two-thirds are designated for the county's stray dog control, im-

poundment, related education and costs of carrying out the program.

There should be a rebate from the county to all municipalities that provide their own animal control if those procedures are at least equal to those provided by the county, including stray dog collection, state-licensed pound, caretaker and humane euthanasia.

The city governments would request the refund, which would be used to help defray the cost of their own programs. They then could deduct that amount from local dog fees of residents who present proof of county registration.

This would be fair, not only to dog owners, but also to taxpayers, who would inevitably pay part of the cost of expansion of county facilities, trucks, gasoline, and manpower—should municipalities give up their own

programs.

We encourage local care and supervision of lost or stray pets. Unlike voting machines, animals suffer in transit.

Humane care and methods of destruction become more difficult when great numbers are concentrated in one pound. Residents of communities where animals are euthanized by barbiturate injections should be commended instead of penalized with duplicate fees.

Public reaction to humane treatment of Alton's impounded pets has resulted in many more impounded strays than when the animals were transported to the county pound. And that is the "name of the game" of the Illinois Animal Control Act.

A small 'tribute' to the President

To the Editor:

In reference to the President's speech Monday night, I rise to pay my small tribute to "Dr. Nixon."

Setting aside a politician or two and half a dozen diplomatically newspaper reporters, he takes first place in my Valhalla of Statesmanship.

That is to say, he speaks the worst English that I have ever encountered.

It reminds me of a string of wet sponges; it reminds me of tattered washing on the line; it reminds me of stale bean-soup of college yells, of dogs barking idiotically through endless nights.

It is so bad that a sort of grandeur creeps into it. It drags itself out of the dark abyss of stupidity and has a white handkerchief over his face. The money had been consigned

to the more familiar design, the fluff and doodle. It is bolder and daub.

Almost I long for the more boring song, the rubberstamps of the "late" Spiro.

Threats to free press

By ARCH BOOTH
Executive Vice President
U.S. Chamber of Commerce

Although I am a columnist of sorts, I do not consider myself a journalist. My function is to represent the institution of business, which I am able to do as a guest in the house of journalism.

The house of journalism is a troubled one. Many newsmen believe freedom of the press is under increasing assault, from a variety of directions.

As a houseguest and friend-of-the-family, I'd like to make a few comments.

Any attack on the free press is a grave threat to our liberties. Freedom of speech is the keystone of our society.

Without a free flow of uncensored information, even the vote would offer little protection against tyranny, since the voter could not be sure of what he was voting on.

On the other hand, simple criticism of the press—even by public officials—should not be interpreted as a threat. Some newsmen seem automatically to interpret it so. If the press could dish it out, it should also be able to take it.

Besides public criticism there are two other things bothering journalists—with greater justification, I think.

The first is whether the courts should be able to force a reporter to reveal information given to him in confidence. The second is whether the government can require a news organization to be "fair."

Reporters have been jailed for refusing to name their sources. Some states have passed "shield" laws to prevent that from happening, and there have been bills in Congress to create a federal shield law.

Reporters claim that they cannot serve society if they are afraid to tip them off to evil doings, which is what will happen—they say—if they can be forced to name their informants.

It's a valid point. Nevertheless, I think shield laws are partially a greater threat to the press than the consequences of not having them.

They are a threat because the government must define that which it singles out for special protection. And if the government can say who a legitimate reporter, then it can also say who is not.

But it is government attempts

to make news coverage "fair" that represent the greatest danger of all, partly because the proclaimed goal sounds so praiseworthy.

Broadcasters are presently required by the government to give "fair and balanced" coverage to all sides of controversial issues.

Rather than improving the treatment of public issues, that rule has tended to make broadcasters shy away from controversy, for fear of being second-guessed by the Federal Communications Commission.

The broadcasters are regulated because there is not enough frequency "space" in the electronic spectrum for everyone who wants to broadcast.

The airwaves are deemed to be public property, which the government does not do to those who meet its standards and agree to "serve the public interest."

Until acknowledge that some form of government regulation is necessary to parcel out the spectrum space, but broadcasters do not think the government's writ should extend to program content.

Neither do I.

Until recently, no one that I know of even dreamed that the government would try to extend to the print media the same kind of "fairness" rules applied to broadcasters. But that's just what's happened, albeit at the state level.

The supreme court of Florida upheld a 1913 state law requiring that any paper which attacks the "character" or "official record" of a candidate for office must publish that candidate's reply to its charges.

This law would put the government in the editor's chair.

Best, it would inhibit news coverage, as it has with the broadcasters. At worst, it would give the government the means to harass into submission any newspaper that displeased it.

As far as I am concerned, this invidious law is patently unconstitutional, and the sooner that fact is officially confirmed, the better.

No reasonable man believes that the press is always fair. But it is "regulated" by its readers and by the courts in common law. Such regulation is the only kind compatible with the maintenance of a free society.

Does your faith show?

mean when you say "God is love," unless you act it as well. Christian character is not an abstract ideal; each person must build it for himself. But, if you give hope to others, you can help them do this.

It were not for hope, the heart would break. Always remember the Lord sometimes "takes" us into troubled waters, not to drown us but to cleanse us.

Share your faith with others! It is a gift from God. It is not material—it cannot be seen, heard, smelled, tasted or even touched—but it is real.

All we see teaches us to trust the Creator for all we do not see. Your mind is your garden. Your thoughts are the seeds. You will harvest either flowers or weeds.

Now, if seed planted in the black earth can turn into beautiful flowers, what might the heart of man become in its journey toward heaven?

It is like a ladder. Every step we take is either up or down.

God never closes one door without opening another. You are a channel attached to unlimited divine resources. Do not test you can and leave the rest to God.

So, again let me ask—is your faith showing? Or do you keep it hidden, like little Linda's slip? If a person has religion, he must give it up or give it away. It must be shared with others!

Mother's Day thoughts—rock, then 'wreck' cradle

By REV. W. LEE
TRUMAN

It is the custom on Mother's Day to pay tribute to the "hand that rocks the cradle," and rightly so.

We learn the importance of love early in our lives, and this is the basic trust or lack of trust on which our lives depend. Erik Erikson, the psychologist, notes that our sense of at homeness or strangeness in the world—our feeling that life is a friend to affirm or to fight—is deeply stamped on all of us by our youngest years. The hand that rocks the cradle is just that important.

What we have more recently come to understand is that no less important is the hand that wrecks the cradle. This is equally deserving of a tribute on Mother's Day, because if we get our security in the world by the way our cradles are rocked, we get our adequacy for the world by the way our cradles are wrecked.

With more adult understanding, I can see that these

phrases were intended to be "cradle wreckers." It is human to be born in the state of dependency. In the beginning we do not work things out for ourselves, things are worked out for us. We are nurtured. Growing up is moving from that first stage to the stage where things are worked out by us instead of for us.

There was a time when we got what we needed by crying. But one does not have to grow up very far from the nursery to be aware that crying ceases to be a means to get what we want. We find that if we get what we want, it requires working and not weeping.

It also requires an honest recognition to know that we are "not the only pebble on the beach." At one time in our lives we felt that we were the only beach as well as the only pebble! Not only is this whole business of cradle-wrecking a rather cynical process, but it is quite as desirable as it is inevitable. To experience

growth in oneself is always painful; and to permit and encourage growth in those one loves, is painful, too. But there is something more painful still, and that is not to experience growth in ourselves, and not to be able to detect growth in those that we love.

Junior high student council convention

Delegates from Granite City junior high schools attended the 15th annual convention of the Illinois Association of Junior High Student Councils May 3 and 4 in Urbana.

The group first toured the old statehouse in Vandalia and Rockome Gardens, an Amish settlement near Arthur, Ill. The convention opened that evening at Urbana Junior High.

Featured guests were Miss Colleen Metternich, Miss "Joan," who gave a short talk and played two selections on the piano, and Miss Nancy Theis, who participated in the 1972 Munich Olympics with the U.S. gymnasts.

Honored at DePauw events

Miss Barbara Little, a sophomore at DePauw University, Greencastle, Ind., was among those serving as attendants to the queen of the annual "Little 500" bicycle race and Big Walnut Creek raft race at the school.

Daughter of Mr. and Mrs. Douglas A. Little, 2738 State St., she represented Delta Gamma.

Sixteen rafts staffed by men and women compete over an eight-mile course, and 16 teams vie in a 160-lap, 40-mile bicycle race at Blackstock Stadium, 13 from fraternities and three from sororities.

Student self-government at Wm. Woods College

A large percentage of the William Woods College (Pulaski, Mo.) students are campus leaders through several administrative groups of student self-government.

The College Government Association, one of the oldest student governments in the country, forms a basis of campus leadership by emphasizing to each student that she has both the right and responsibility to share in constructing the policies by which she shall live.

Each student is a member of the CGA, participating as a dormitory citizen, as a member of student organizations, and as a voting member of the student body in general elections.

The CGA seven-member executive cabinet gives direction to the training of class, residence hall and organizational officers through leadership workshops and the developing of procedure manuals for all student officers and sponsors.

There are 14 residence groups and nearly 30 clubs and honorary organizations on the college campus.

The William Woods College Government Association is currently announcing the names of students elected for the 1974-75 academic year to the Elections Committee. Included is Elaine Todoroff, daughter of Mr. and Mrs. Nick Todoroff, 3127 Colgate Place.

Members of the Elections Committee coordinate elections and all activities involved in the campaigns of student candidates.

Chosen by the CGA cabinet, the Elections Committee conducts freshman elections in the fall and the CGA election in the spring. The duties include working the polls, counting ballots and setting up run-offs.

Willis degree

Gary Lynn Willis, son of Leo C. Willis of Granite City, is among Hardin-Simmons University spring graduates who will receive degrees Sunday May 12, in commencement exercises at Abilene, Tex.

Willis will receive a bachelor of science degree. The commencement will be in Behrens Chapel Auditorium, beginning at 3 p.m. Commencement speaker will be Dr. James H. Landes, executive secretary of the Baptist General Convention of Texas and a former president of Hardin-Simmons.

Baptist college courier named

James E. Johnson of Third Baptist Church, Granite City, has been appointed as courier for Southwest Baptist College, Bolivar, Mo. As a courier, Johnson will serve as a public relations contact for the college in his church.

He will have information concerning SWBC for those who may wish to know more about the school.

SWBC trustees have made available several scholarships to be awarded through the courier program. Applications for the scholarships may be obtained from Johnson.

Southwest is a four-year liberal arts college with 16 major fields, and is fully accredited by the North Central accrediting association.

It is one of the leading schools for training of young people for church-related service as well as for other professional fields. There is a student body of 1,200.

FACES TWO CHARGES

Terry Waggoner, 19, of 1600 Olive St., was charged with possession of a controlled substance (cannabis) and failure to exhibit his driver's license after Granite City police stopped his car in the 1600 block of Olive Street at 2:30 a.m. Tuesday.

Mrs. Barnett dies at 70

Mrs. Nell Barnett, 70, of Metropolis, mother of a Granite City resident and a former pastor of Netherland United Methodist Church, died at 6:25 a.m. Monday at the Western Baptist Hospital in Paducah, Ky.

A lifelong resident of the Metropolis area, Mrs. Barnett, had undergone a long illness. Her husband, Vernie Barnett, died Aug. 28, 1969.

Survivors include Dr. Vernie Barnett, who was pastor of the Granite City Church from 1958 until 1963 and now is serving at the Grace United Methodist Church in Decatur; two daughters, Mrs. Mary Jane Raphael of Granite City and Mrs. Georgia Hector of Swan Lake, N.Y.; three sisters, three brothers and seven grandchildren.

Funeral services were held at 2 p.m. Wednesday at the First United Methodist Church, Metropolis, with the Rev. Roy B. Porter officiating. Burial was at Metropolis Memorial Gardens Cemetery.

Mrs. Chapman dies at 71

Mrs. Mary Chapman, 71, of Rural Route One, New Douglas, Ill., formerly of Granite City, was pronounced dead upon arrival at Community Hospital, Staunton, at 4 a.m. Tuesday.

A native of Salem, Mo., Mrs. Chapman, lived in this area most of her life, moving to New Douglas six years ago.

She is survived by her husband, George Chapman; two daughters, Mrs. Floyd (Nancy) Mercer of Edwardsville and Mrs. David (Mary) Lou Ewing of Redlands, Calif.; one son, Robert Chapman, of San Jose, Calif.; a sister, Mrs. G. C. (Mattie) Farmer of Bethalto and seven grandchildren.

Funeral arrangements are given in the obituary column.

J. P. Fichte, 69, succumbs

John Perry Fichte, 69, of 919 Third St., a lifelong resident of Venice, was pronounced dead upon arrival at St. Elizabeth Hospital, Belleville, at 12 noon Monday.

He had resided at Our Lady of the Snows Retirement Home in Belleville for seven years.

Mr. Fichte was employed as an orderly at St. Elizabeth Hospital, Granite City, for 35 years prior to his retirement. He was a member of St. Mark's Catholic Church and belonged to the Knights of Columbus 1098.

Survivors include two brothers, Lambert Fichte of Phoenix, Ariz., and Harry Fichte of Granite City; four sisters, Miss Marguerite Fichte of Venice, Sister Aurelia, Order of Divine Providence, Normandy, Mo., Mrs. Tony (Magdalen) Havranek of Madison and Mrs. Glenn (Monica) Bryant of Yuma, Ariz.

Funeral services were held Wednesday. Details are given in the obituary column.

For good soybean crop, don't fool Mother Nature

By WARREN W. BUNDY
County Farm Adviser

Many Madison County farmers are not able to obtain as much nitrogen fertilizer as they would like to apply for their 1974 crop.

Those who can't get enough nitrogen will need to stretch the available supply by applying less per acre or switch to soybeans.

Soybeans, if properly inoculated with nitrogen-fixing bacteria, can use nitrogen from the air for proper plant growth. When less than optimum amounts of nitrogen are applied on corn, the plant population will need to be reduced.

Research indicates that 80 pounds of nitrogen per acre on fertile soil will support good yields at a population of 22,000 corn plants per acre.

If tight supplies force you to reduce the rate of nitrogen below 80 pounds resistance to reduce corn populations to 16,000 plants per acre or consider shifting to soybeans. On less fertile soils, the plant population should be further reduced.

Efficient soybean production results from a package of management decisions, and a little cooperation from Mother Nature.

It is important how the growth factors that make up this package react with one another as well as individually. The proper use of these factors at the right time can make the difference between profit and loss.

These factors may be old, tried and true. But they aren't out of date, and it doesn't hurt to take another look at them. Varieties should be selected on the basis of their yield potential, disease resistance, adaptability and resistance to lodging and shattering.

Soil tests will help show how much limestone, phosphorus and potassium is needed for the soybean crop. Soil test results indicate that potassium severely limits yields in some Madison County fields.

Make proper use of chemicals and cultivation practices to control weeds and insects. Tillage is important to help the weak germinating soybean get up and to help battle the weeds.

Damaged seed doesn't germinate well. If you save your own seed, insure acceptable stands from good seed quality by carefully harvesting, storing and cleaning the seed.

Inoculate soybeans to insure modulation and nitrogen fixation if there is any doubt that rhizobia are present in the soil or if soybeans have not been grown in the field.

Although the planting date for soybeans isn't as critical as for corn, planting at the right time can increase yields and help cut down on weed problems.

Seed large growing varieties at a lower rate—30 to 50 pounds of seed per acre. Seed single-stemmed varieties at a higher rate—50 to 70 pounds per acre. Narrow rows will take more seed per acre than wide rows.

Plant soybeans no deeper than 1½ inches to prevent emergence problems. Adjust the combine carefully at harvest and operate it with equal care.

Joint meeting by 2 state dental groups

Five members of the faculty of the SIUE School of Dental Medicine took part in the program of the first joint meeting of the Illinois State Dental Society and the Missouri Dental Association ending yesterday in St. Louis at Stouffer's Riverfront Inn.

The opening session featured a presentation by Dr. Philip M. Hoag, chairman of the department of periodontics, on "Practical Periodontics for the General Practitioner."

Three members of the SIUE faculty served as instructors in a closed-circuit television program on endodontics and restorative dentistry.

Dr. James D. Harrison, associate dean, office of education, and Dr. Marvin J. Reynolds, director of clinics, worked together in a presentation entitled, "Fused Porcelain Faced Crown Preparation and Insertion." Dr. James R. Schmidt, chairman of the department of restorative dentistry, presented "Cast Core Preparation and Fabrication Techniques."

Dr. Richard E. Coy, chairman of prosthodontics and director of the Center for Professional Advancement at the SIUE School of Dental Medicine, led one of several table clinics on "Use of Electronic Equipment (Myomonitor) in Complete Denture Fabrication."

During the convention, joint Illinois-Missouri sessions were held by the Academy of General Practice, the American and International Colleges of Dentists, the American Society of Dentistry for Children, Dental Assistants Association, and Dental Hygienists' Association.

Meetings also were held for the Illinois Society of Oral Surgeons, Illinois Dental Service, Missouri Dental Service and women's auxiliaries of the various organizations.

Presiding officers were Dr. R. H. Griffiths, president of the Illinois State Dental Society, and Dr. D. A. Bensinger, president of the Missouri Dental Association.

NEW ROTARIANS inducted during ceremonies at a Granite City Rotary Club meeting last week at the YMCA. The class brings to 74 the club's total membership, achieving the Rotary goal of "74 in '74." From left, seated: William Burcky of the SIUE faculty; Joe Miltello, insurance sales manager; the Rev. Donald Pierson, pastor of Nameoki United Presbyterian Church; and William Hodshire, building construction. Center row, the Rev. David Fielding, pastor of Hope Lutheran Church; Burel Schmissur, retailer of musical instruments; the Rev. Ellis Dugger, pastor of Trinity United Methodist Church; and Harry Fechte, commercial photographer. Back row, Vasil Etimoff, director of school pupil personnel services; Charles Hays, druggist; Owen Litz, antiques retailer; the Rev. Keith Stanford, association religion; and Harold Rudolph, YMCA executive director. A. H. Froemling was installing officer, assisted by Bill Terrell, Dr. Jack Miller and Glenn Ahenroth.

New dam urged, delays cited

In testimony before the Public Works Subcommittee of the House Appropriations Committee, Congressman Melvin Price has urged approval of full 1975 budget requests for eight navigation and flood control projects in St. Clair and Madison Counties.

In recommending a \$27,300,000 appropriation for reconstruction of Alton Lock and Dam 26, the local congressman pointed out that the design capacity of the present locks was reached and passed six years ago. He said the structure is dangerous to river traffic, and argued that a new design would

eliminate long delays which cost shippers and consumers millions of dollars every year.

Rep. Price also supported full \$1.2 million funding of the East St. Louis and vicinity interior flood control project.

Citing present overflow which causes ponding in subdivisions, he said it is of "vast importance to the 200,000 residents living in low lying areas of St. Clair and Madison Counties" that the full amount be appropriated.

The congressman spoke in favor of a \$5.0 million appropriation for the Kaskaskia River Navigation Project, an amount \$1.2 million over the budget request. The project

"portends vast economic and industrial development for southern Illinois," he said.

"With an estimated 1.8 billion tons of coal deposits located within its miles of the new channel, the project has significant bearing on our growing energy needs."

Price also supported the full appropriation for completion of a study on the Silver Creek flood control project (\$152,000) and completion of the Chain of Rocks Navigation System (\$4,540,000).

He recommended approval of \$1.3 million over the \$4.2 million budget request for maintenance of the Mississippi regulating

works and navigation channel between the Missouri and Ohio Rivers.

+++
In response to a request by Rep. Price, the General Services Administration has completed a survey of federal space needs in East St. Louis and found a need for improved accommodations for U. S. courts and other federal agencies located there.

The GSA advised the congressman that its Chicago regional office will develop the detailed data required to support an expansion project. Price said GSA will include a new East St. Louis facility in a future year's program at the future opportunity.

Chouteau seeks to retain area postal branch

A proposal to close the Mitchell branch of the Granite City Post Office attracted the attention of the Chouteau Township Board of Auditors during a weekend meeting and the board agreed to support a campaign to keep the office open.

The auditors asked Mrs. Patricia Polley, town clerk, to write U. S. Congressman Melvin Price, inquiring as to the steps the township should take in officially opposing the plan to close the branch.

The post office disclosed last week that a survey of the branch's customers is being taken to determine whether the facility should be closed. No decisions have been made concerning its future, a spokesman said.

The board was told that under a new formula for distribution of federal revenue sharing funds, the township will receive \$439 less next fiscal year than previously anticipated. Checks for both this fiscal year and next year were to have totaled \$31,838, but now will total \$31,399. A deduction of \$439 is to be made in the final revenue sharing check of this fiscal year, the board was told. The auditors were invited to attend the Illinois Township Officials' Spring Conference Friday, May 24, in Nashville, Ill.

TOOL KITS TAKEN

Two tool pouches containing tools worth \$100 in each were stolen from two Southwestern Bell Telephone Co. trucks at the company lot at 2241 Adams St., was reported during the weekend. Company officials believe someone climbed over the fence and looted the unlocked trucks.

Each citizen can help restore faith in government—Howlett

Restoring confidence in government is a responsibility of everybody, not just public officials, Michael J. Howlett, Illinois secretary of state, told the Illinois News Broadcasters Association during the weekend.

Speaking at the broadcasters' annual spring convention at Springfield, Howlett said political problems cannot be treated as being separate from social problems.

"The distrust of authority which we see in public affairs is the symptom of an underlying social disorganization which affects all areas," Howlett said.

"It is inconsistent to expect our democratic form of government to be effective while ignoring the instruments through which democracy must work."

"The new attitude toward family life is only one symptom of social disorganization. We see it in growing drug abuse, in crime, in vandalism."

"When something goes wrong, we expect the answer to come out of Washington or Springfield. But what we need is more involvement of the in-

dividual.

"It is good to have a government agency to coordinate control of the environment. But every citizen can do something about environmental control on his own."

"He can put empty cans in the garbage container, and not flip them out the window of a moving automobile on the highway."

"He can keep his own yard clean and respect the rights of his neighbor in little matters, such as burning trash or pruning the trees on the property lines."

"In the energy crisis, instead of blaming the Arabs or the oil companies or the government, he can restrict himself to driving only when necessary and at a reasonable speed that saves gasoline."

"We can remove inequities and injustices. But we remove them through the democratic processes of orderly change. We don't need destruction and trauma to get action."

"We should make it our business to see that young people, the poor and minorities have every chance to be heard."

Authorize bids for bus service

The Madison School Board, in a special meeting Thursday, authorized school administrators to call bids for student bus transportation. The present contract will expire at the end of this school year.

The board also heard a request by a teacher aide to be assigned to a school security guard post and authorized school officials to make purchases of school supplies from a list of qualified bidders who made the lowest offers to supply a variety of items.

In separate hearings held Friday afternoon, the board ordered reinstatement on probation of two students who had been involved in a fight.

To open bids on Chouteau garage

The Chouteau Township Board of Auditors will open bids at 7 p.m. Monday for construction of a township garage. It will be the third time the board has opened bids for the project. The first was rejected when the low bidder was found not in compliance with a state act requiring all buildings constructed with federal funds to use union labor.

The second set of bids was

Births increase so far this year

Vital statistics for the first three months of 1974 in the Quad-City area list a total of 238 births, an increase of 9 over the same period of 1973. Five stillbirths have been reported this year, an increase of one over the first three months of 1973, and 136 deaths for the period was reported for this year, a decrease of two below last year's total.

For January 1974 there were 82 births and 43 deaths; February showed 85 births, three stillbirths and 34 deaths, and March listed 81 births, two stillbirths and 49 deaths.

Price for new discharge data

Congressman Melvin Price (Dem. 23rd Ill.) has recommended that the Department of Defense contact all veterans whose discharge papers bear derogatory Separation Program Numbers and offer to issue new papers without the number.

In a letter to Secretary of Defense James Schlesinger, the local congressman said he was pleased that the department had terminated use of the code numbers, "an unfairly administered system which sometimes created difficulty in obtaining employment and other problems for discharged servicemen."

"However," said Rep. Price, "only those servicemen who take the initiative of requesting issuance of new discharge papers will benefit from the change."

He said that because many veterans are unaware of the ruling or unwilling to go through the process of having their numbers changed, "the department should take upon itself the burden of contacting each veteran whose discharge papers bear derogatory SPN numbers and offering to replace the old DD Form 24 with a new one which does not bear the SPN number."

"It would be even more equitable," added Price, "to replace the derogatory SPN number with a non-derogatory one, so a blank or crossed-off space on the new form does not arouse suspicion."

Green light for vegetable planting

By CHRIS DOLL
Area Garden Adviser

The "green light" says go for planting all vegetable crops—barring unforeseen hazards such as frost or heavy rains imposed by Mother Nature. Early to mid-May is the time for a planting of all crops to be in the ground—the early season crops, and the warm season squash, melons, cucumbers, sweet potatoes, sweet corn, peppers, eggplant, okra, beans and tomatoes.

It is also time for second (or third) plantings of radishes, lettuce, greens, beets, carrots, cabbage, and even some more onion sets or plants for green onions.

Crops such as snap beans and

sweet corn are well adapted to successive plantings. Gardeners may make weekly plantings of sweet corn or bi-weekly plantings of snap beans through May, June and into July for an extended harvest season. In following this program, small plantings will provide adequate yields for the family's consumption.

Another method of having extended sweet corn harvest is to plant 3 varieties at a time. By using early (68-72 day), mid-early (74-78 day) and main-season (80-86 day) varieties, one planting date will yield three harvest periods. Seed counters or catalogs are full of varieties, each listing the number of days required from planting to harvest.

Some of the reliable favorites in this area are Golden Beauty, Spring Gold, Earlibell, Gold Chip, Honey and Cream, Seneca Chief, Golden Cross Bantam, Jubilee, Wampum, Silver Queen and Country Gentlemen. There are many other good varieties and these too can be grown.

Sweet corn should be planted in multiple rows rather than single rows to insure pollination. However, if you want pure yellow corn, do not plant white corn within 50 feet of the yellow. If you want bi-color corn, plant yellow and white seed in adjoining rows or use a bi-colored variety.

++++
"An ounce of prevention is worth a pound of cure" in fruit plantings too. Most insect and disease pests are controlled by preventative measures rather than remedial practices. The recent warm weather and spring rains have forced plants into rapid growth that is subject to infections.

Tree fruits have finished blooming and the young fruits are exposed for the worm or disease spore. Grapes and raspberries are in the bud stage. Spray now to protect the floral and other plant parts.

Thanks to the aid of modern chemistry, all of the materials needed for your fruit crops are available in "all-purpose" or "home orchard" spray mixes. When used according to direction, they effectively will control the pests, and are safe to use in nearly all gardens. Strawberries are in full bloom. Use only a fungicide such as Captan to reduce leaf and fruit diseases.

++++

Another victim of the March freeze was grapes. Cane and vine damage ranges from 10 to 100 per cent kill. New growth is emerging slowly and the full extent of the damage is still unknown.

If your vines are damaged, wait until some buds or shoots develop and then prune off dead wood. In some cases, this may be near the ground line and the old trunk will have to be removed. Train new shoots as you would a new plant, and protect them from wind and animal damage.

Vadalabene for bikeway funds

A bill appropriating \$3 million "or so much thereof as may be necessary" for the state bikeway program has been introduced by State Sen. Sam M. Vadalabene, Edwardsville Democrat.

"These funds will let us put the bikeway program in action. Last year I sponsored enabling legislation which passed and was signed by Gov. Walker," Vadalabene noted.

"Since last year, particularly with the rise of the energy crisis, everyone has come to see the value of providing safe and convenient bikeways and walk-

ways as a major part of our transportation program.

"Federal law requires that participating states back up such commitments by providing funds. This appropriation will bring even more money in to implement this important program."

"I am going to push hard to get Senate Bill 1431 passed. Everyone concerned about the tremendous health benefits from such exercise is encouraged to write legislators and the governor in support of the expenditure," Vadalabene concluded.

Jones graduates

A total of 859 students received degrees at the 51st annual spring commencement exercises at Murray State University, Murray, Ky., including Michael Alvin Jones, 1600 Garfield Ave., recipient of a bachelor degree.

Among that number were 687 bachelor degrees, 146 masters, 18 associate degrees and eight specialist degrees.

Charles W. McDowell, a 1962 graduate of Murray State who is now the mayor of Providence and a teacher at Webster County High School, delivered the commencement address.

Scott governor campaign has begun

By KEN WATSON
Press-Record

Springfield Bureau
Attorney General William J. Scott has begun a comparatively quiet campaign to nail down the 1976 Republican nomination for governor.

Statehouse strategists point to several developments. At a late April fund-raising dinner at Carlinville for Republican 46th district Senate candidate A. C. "Junie" Bartulis of Bend, Scott was on hand and stirred the packed restaurant with a blistering attack on Democratic Gov. Daniel Walker.

This was regarded as significant for two reasons. —Scott does not attend many party affairs as a rule.

—He has been, except in some specific instances, reserved in his direct criticism of Walker.

Shortly after the Carlinville speech, Scott stepped into the intra-party Democratic feud between Walker and Lt. Gov. Neil Hartigan by siding with Hartigan in the Illinois State

Fair controversy.

Scott questioned Walker's view that using the Illinois National Guard to help clean up the fairgrounds at Springfield, as Hartigan had advocated, was unconstitutional. The attorney general announced he was directing his own staff to determine whether such use is constitutional.

At the same time, Scott made it clear that he favors Hartigan's voluntary program for reviving the State Fair, and shares a view held by many in both parties at the Statehouse that the Walker administration's criticism of it is chiefly jealousy.

Why has Scott, who has become respected for his political shrewdness, making his 1976 move now?

The view is that he feels the timing is right for disposing once and for all with his only serious challenger for the nomination.

That's House Speaker W. Robert Blair of Park Forest, who is up to his ears in political

trouble over the Regional Transit Authority (RTA) issue.

No matter how that complicated and sensitive issue is eventually resolved, the feeling at the Capitol is that Blair can never recover sufficiently to regain status as a major contender for governor in 1976.

His switch from a pro to anti-RTA stand may enable him to hold onto his House seat in his home 42nd district and thereby remain in the running for retention of the speakership in 1976, but no more.

By switching on RTA, Blair, while regaining support among voters in Cook County suburban areas, forfeited support in the city of Chicago where RTA sentiment is strong.

He also aroused the ire of the Chicago metropolitan press, which will not look with favor on any future Blair efforts for governor.

Statewide, his vacillation on the issue has damaged his public image. It will be difficult

for Blair to sell himself as a candidate, especially in comparison with Scott.

There has never been a time in the post-World War II era of Illinois politics when a Republican aspirant, other than a first-term incumbent, has had so clear a shot at the next nomination for governor so far in advance as does Scott at the present time.

It is now taken almost for granted that the prize is his for the asking.

Safety packages for prescription drugs

Although it has been nearly two years since non-prescription drugs such as aspirin have been packaged in "child-resistant" containers, there have been no laws until now governing the packaging of prescription drugs.

Beginning this month, however, state and federal laws require that all oral prescription drugs be dispensed by pharmacists in safety packaging designed to discourage children from taking medication that could harm them.

Dr. Joyce Lashof, director of the Illinois Department of Public Health, reports that the safety packaging requirement is enforced by her Office of Consumer Health Protection and by the U. S. Consumer Product Safety Commission.

Dr. Lashof said, "We want to make this safety measure as effective as possible in protecting children's health while taking into consideration necessary exceptions.

"For example, it would be inappropriate to safety package drugs, such as nitroglycerine, which a patient may need quickly; or medications for persons with conditions such as arthritis, which may make it difficult to open the container."

Videocassettes for schools

Instructional television resources of KETC-TV Channel 9 are available to learners of all ages over Missouri and Illinois rather than being limited to the area covered by the educational television station's broadcast signal, as a result of a new technological development announced by Robert C. Glazier, executive director.

KETC-TV is now making available to Missouri and Illinois schools and other organizations a wide range of instructional television programming on videocassettes.

"They may be stored permanently for use as often as schools purchasing them want to have access to the instructional television they contain," Glazier told the Press-Record.

Nine coverage area now may purchase videocassettes and use ITV in their instructional programming.

Among the videocassettes telecourses available now are: TESTS OF TIME, medical science; ALONG THE RIVER, Missouri and Illinois history; DIAMOND'S DUNGEON, TREEHOUSE, HOW KUM, PROJECT CRUSOE, SCIENCE IN ACTION and SCIENCE FACE, elementary science.

SOMETHING GOOD TO READ, literature; THE EYES HAVE IT, speed reading; FACE WATCHERS, dramatics; FORTNIGHT FOR MORONS, GENIUSES AND HOBBITS, computer language; THE LETTER PEOPLE, beginning reading; LEX SINGULARIS, high school law; LIFE-WORLD 2000, ecology and population trends; TV TYPING, beginning

area; and many others. KETC-TV will make the new technology available not only to schools but also to churches, community centers, libraries, business firms, media centers and other organizations.

Programming is available on 3/4-inch videocassettes, 1/2-inch reel-to-reel videotape and, in some cases, on 16 mm. sound motion picture film.

Channel 9 currently is the only educational "software" (programming) producer in Missouri, and KETC-TV crews currently are producing instructional television materials for telecast throughout the U.S. and Canada—including the award-winning IMAGES AND THINGS, INSIDE-OUT and the careers series BREAD AND BUTTERFLIES.

In the past, schools have been limited in their use of instructional television because of scheduling conflicts—which will be eliminated through the use of videocassettes, Glazier explained.

The series may be held and repeated as often throughout the year within a school district as the curriculum requires.

Individualized instruction easily may be implemented, too, by having individual students or small groups view specific programming as desired at the scheduling options of the classroom teacher.

Schools participating in KETC-TV's current School Services Program through participation agreements may purchase videocassettes at a 25 per cent discount from list price.

A recent allocation of funds by the U.S. Office of Education will provide matching funds for videocassette recorders and television receivers to schools.

Office of Education funds, provided through Title III of the National Defense Education Act (NDEA) and Title II of the Elementary and Secondary Education Act (ESEA), can be used by schools to purchase videocassette machines, television receivers and associated programming on a 50-50 matching basis.

The funds will be administered through the Office of the Superintendent of Public Instruction in Illinois and the Department of Education in Missouri.

"When the school districts submit their vouchers for approved library sources, they will be reimbursed with these federal funds," said Marvin Cook of the Office of Public Instruction's instructional services division.

Scheduled for presentation are a static display of aircraft, air and ground demonstrations, commercial and departmental exhibits, Parks guard drill team exhibition, annual high school drill meet, first Parks fly-in and student-sponsored concessions.

Participating corporations such as Lake Aircraft, General Aviation and Analog Computer Systems, and the National Aeronautics and Space Administration have donated displays. The college has obtained special aircraft entries to round out the program. The public is being invited.

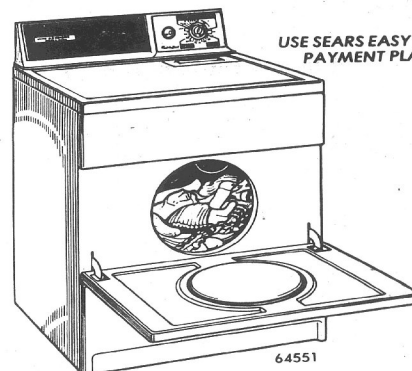

ACRES OF ART SHOW held Monday night in the GCHS South gym. Dennis Harris, left, points to one of his five projects on display. Nancy Asadorian, right, had eight works on display. She is an art major planning

commercial art as a career. The show featured more than 5,000 student artworks of all types, with entries from all schools in the Granite City district. (Press-Record Photo)

You know a lot about this one... just by knowing the name.

SONY

The SONY name assures you quality, precision, and craftsmanship. With Sony, you know you're getting a sensitive FM/AM tuner that picks up and holds distant stations accurately. Separate slide controls for bass, treble, volume, and balance let you personalize the sound to your room. Power-matched speakers, each with 2" tweeters and 6-1/2" woofers, are driven by an all-solid-state amplifier, delivering big sound. A 3-speed EBF changer/tumble treats each record right. Input and output jacks for a tape player/recorder mean future flexibility. But most important... along with the great sound, you get the assurance of a great name. It's a Sony.

Dates set for summer school

Summer school for Granite City High School students at both North and South will begin June 10 and end July 26, according to Kenneth Spalding, assistant principal at GCHS South. All high school summer classes will be held at South. Students may pre-register with their guidance counselors between May 20 and May 31 at their respective high schools. Registration fee will be \$3 and students attending summer school must furnish their own transportation. Parents wishing further information may contact Spalding at 877-1512.

Next year in response to the motion picture, "Black Eye," the Academy might be giving away awards in the following categories, although I seriously doubt it.
 It's something to think about. Well, I must get my nominations in early:
 The actor who gave the worst performance: I nominate Fred Williamson.
 The worst supporting cast: Teresa Graves, Rosemary Forsyth and a bunch of other non-talent.
 The motion picture of the year which highly insults the intelligence of the moviegoers, Warner Brother's "Black Eye."
 The motion picture using the most deceptive rating: "Black Eye," which was rated PG.
 The picture with the worst plot and no hopes for continuity: I nominate again, "Black Eye," starring Fred Williamson, receives as my shameful rating a big fat goose egg.

Student film workshop

St. Louis University will award 248 tuition scholarships to high school students in the metropolitan area for a two-week summer workshop in media June 17-28. It is the first workshop in media designed for high school students to be held on the university campus.
 Commenting on the value of the workshop to students as well as to their high school, the Rev. R. A. Johnston, S.J., chairman of the Department of Communication, said, "Movie, video and still cameras are as basic to communication today as pencils and typewriters. Learning to talk with the 'third eye' is a new educational excitement."
 The students will be able to get "hands-on-media" experience in use of 35 mm cameras, super 8 mm. movies and programmed multimedia techniques. St. Louis U. faculty members will conduct the workshop.
 Professional members of the visual media will meet with the

students for informal discussions during the two weeks. Awards for outstanding work in film, photography and multimedia will be given at the close of the workshop.
 Two students from each high school will be selected by their high school film or photography teacher to receive the \$200 scholarship to the workshop.

Public Notice 34

NOTICE OF CALL OF BONDS FOR MATURITY
Bend Road Baptist Church, East St. Louis, Illinois, pursuant to the resolution by its Board of Trustees, does hereby call before maturity, the bonds issued by said church known as Series No. 1 issued January 1, 1964, Serial Numbers 20 through 29 both inclusive, Series No. 2 issued February 1, 1965, Serial Numbers 26 through 49 both inclusive and Series No. 3 issued May 1, 1966, Serial Numbers 11 through 26 both inclusive.

This Notice is given pursuant to the Certified Bond Resolutions, which appear recorded in the Records Office of Madison County, Illinois for Series No. 1 in Book 2257, Page 383; for Series No. 2 in Book 2340, Page 365; and for Series No. 3 in Book 2430, Page 516.

Pursuant to Section X of said Certified Bond Resolutions presently on record in the Records Office of Madison County, Illinois, the Church reserves the right to call in for payment before maturity any of said outstanding bonds at any semi-annual interest payment date. Notice of the said Church's intention to exercise said option shall be given in writing at least thirty (30) days prior to the call thereof to the holders of said Bonds and by depositing into the special interest and sinking fund account a sum sufficient to pay the principal amount of and the interest on all of the bonds so called, and in the event the address of any holders thereof shall be unknown, notice of the call of payment before maturity shall be published once each week for two consecutive weeks before the intended payment date in a newspaper of general circulation in the county wherein

Public Notice

the church is located and a copy of such publication together with an affidavit as to the date on which the same was published shall be delivered to the paying agent, Granite Trust & Savings Bank, for said bond issue.

All holders of said bonds issued by the Bend Road Baptist Church, East St. Louis, Illinois, Series 1, Series 2, and Series 3 are hereby instructed to deliver to the Granite City Trust & Savings Bank, paying agent, before the next semi-annual interest payment date for payment of said bonds and interest, and pursuant to said Certified Bond Resolutions, said outstanding bonds shall not bear interest after the next semi-annual interest payment date expiring more than thirty (30) days from the date of this publication.

Bicycling is becoming more popular with young people and adults. Shown above are four of the most common bicycle safety hazards. Riding against the traffic (1); carrying an extra rider (2); falling to obey traffic signs and signals (3); and "stunt" riding (4).

SECTIONAL REHEARSALS are under way for the Second All-City Band Festival to be held at 7:30 p.m. May 11 at the Granite City High School South Memorial Gymnasium. At work are musicians from High School South under the direction of Joseph Owens. Band students from High School North under the direction of Robert D. Todoroff also are preparing for the musical event. Frederick C. Ebbs, director of Bands at Indiana University, will be the guest conductor.
